### GREATEST STRIKE IN COUNTRY

Packers Could Not Agree With the Butchers.

Members of the Allied Trades Are Called Upon to Stop Work.

CHICAGO, July 25.—Chicago's sympathetic general strike at the stock yards, predicted by its leaders to be the greatest and most expensive this country has ever known, began at 10 o'clock today, when thousands of teamsters, cattle handlers and members of the mechanical trades quit work and made a grand rush for the gates leading from the busiest square mile of buildings, yards and pens in the world.

#### REFUSE TO WORK.

The first big defection came when 7000 men, including the scalders and pen cleaners, employed by the Union Stock Yards and Transit Company, refused to work further.

First to go were the handlers. This eliminated the usefulness of the teamsters and they followed.

As they passed out of the big gates at Exchange avenue they were greeted with cheers by the thousands of strikers gathered in the vicinity.

#### SMALL STRIKES.

Prior to the spectacular orders came small strikes in the various plants, including carpenters, firemen, elevator men, machinists, etc., but these did not have the effect of tying up the plants, such action had been anticipated, and as often as a union man stepped out a non-union man or a union man who had deserted his organization, was there to take his place.

The teamsters and cattle handlers as a whole employed by the various individual firms, refused to join in the preconference movement so much desired and ardently urged by President Donnelly's union, but a large number of them quit and quietly left the yards to attend a big mass meeting called for the benefit of all who had refused to await results of further conferences.

Early in the day the Allied Trades and the committee of eight teamsters chosen last night to seek peace anew before permitting the teamsters to strike had been urged by President Donnelly of the meat cutters to declare the general strike and then seek a further conference with the packers.

#### LIBELY DEBATE.

There was a lively debate, Pres-

### EPPINGER JURY IS STILL OUT

Come Into Court and Ask for Further Instructions.

Want to Know the Legal Meaning of the Word Intent.

SAN FRANCISCO, July 25.—The Eppinger jury came into court this morning without having reached an agreement and asked for further instructions.

They wanted to know the legal meaning of the word "intent," also how circumstantial evidence should be regarded, and, finally, if all the instructions previously received were to be considered in reaching a verdict.

After receiving the desired information the jury retired for further deliberation.

SAN FRANCISCO, July 25.—For the purpose of asking Judge Lawlor for further instructions the jury in the Eppinger case came into court this morning for the first time since retiring at 5 o'clock Friday afternoon.

After stating that they had not reached an agreement, Foreman McAvoy said:

"We want to know about the warehouse law referred to in the warehouse receipts. Also if everything the court read, whether coming from either side, is included in the charge."

"All the instructions that the court gave are a part of the charge, whether given upon suggestion of either side," replied Judge Lawlor. "No reference was made to the warehouse law in the charge. Is there any objection on the part of counsel to its being read?"

Attorney Ach objected.

"We also want to know," said Juror McAvoy, "that if there is a doubt in the minds of the jury that the defendant, Jacob Eppinger, was in the rooms of the International Banking Corporation when it is said that the loan of \$9800 was negotiated, whether any other evidence in the case can be considered by the jury."

"All the evidence is to be considered," answered the court.

Juror Shannon then said: "We would like to have additional instructions from the court in regard to the intent to commit fraud and what, in the minds of a jurymen, constitutes a reasonable doubt."

There being no further questions, Judge Lawlor ordered the jury to retire, promising to prepare supplementary instructions, which he did.

### STEAMERS ORDERED HOME.

Russian Cruisers Are Told to Stop Seizing Vessels.

Damages Will Now Amount to Five Million Dollars.

ST. PETERSBURG, July 25.—The Associated Press is informed that the Russian volunteer fleet steamers Smolensk and St. Petersburg have already been ordered home and that instructions for them to return have been cabled. The assurances given Great Britain on this point are declared to be satisfactory.

The instructions given the commanders of the vessels repeat the orders heretofore announced in these dispatches, directing them to refrain from further attempts to stop merchantmen either in the Red Sea or the Mediterranean.

The decision not to insist upon the war status of ships was probably reached at the conference held Saturday. The two ships may be brought to the Baltic and formally recommissioned.

Russia has reiterated her assurances that all vessels seized pending the receipt of instructions by the captains of the Smolensk and St. Petersburg shall at once be released and that the British steamer Ardoza will be freed upon her arrival at Suez or Port Said, the same as the Scandia.

Great Britain's bill of damages against Russia for demurrage and other indemnities connected with the arrest, detention and shelling of the British ships in the Red Sea will probably be very heavy. Already it is roughly estimated at \$5,000,000.

The popular version of the Red Sea entanglement, which has so embarrassed the Russian Foreign Office, is that it grew out of Grand Duke Alexander Mikhailovich, head of the Department of Mercantile Marine, practically taking matters into his own hands and commissioning the vessels of the volunteer fleet which had passed through the Dardanelles bound for the Far East to hoist the Russian war flag and seize merchantmen in the Red Sea. It is understood that the Emperor has censured his brother-in-law for taking a step of such gravity without consulting the Foreign Office. There is general relief, however, at the fact that the Grand Duke Alexander Mikhailovich's precipitated action has not resulted in irreparable complications. The blunder of the Grand Duke is attributed to his youth and inexperience in affairs of state. He is well known in the United States, as he was first staff officer on board the armored cruiser Dmitri Donskoi on the occasion of the visit of the Russian squadron to Hampton Roads and New York in 1903.

### SEARCHED BY THE RUSSIANS.

BERLIN, July 25.—The German steamer Lisboa of the Oldenburg-Portugal line has been stopped and searched by a Russian warship in the Gulf of Finland. She was then released.

### WILL RELEASE BRITISH STEAMER.

ST. PETERSBURG, July 25, 8:50 p. m.—Russia has given Great Britain written assurances that the British steamer Ardoza, captured by the Russian volunteer fleet vessel Smolensk, will not go beyond Suez before being released.

ST. JOSEPH, Mo., July 25.—Business agents of all the packing house unions in South St. Joseph are awaiting orders from international headquarters for a sympathetic strike. No disturbances at packing houses today.

### JAPANESE CLOSE TO CHWANG.

Russians Have Ordered the Destruction of Property.

Mikado's Men Will Occupy the City in a Short Time.

TIENTSIN, July 25.—Information has been received here to the effect that the Japanese have not entered New Chwang. The Russian civil administration departed last night (Sunday), and the destruction of Russian government property began this morning at the instance of the administration.

The fighting reported yesterday took place between New Chwang and Ta Tche Kiao and Japanese troops from Kai Chou were engaged. No engagement has taken place at Ta Tche Kiao.

### RUSSIANS LEAVE NEW CHWANG.

WASHINGTON, July 25.—Minister Conger, at Peking, has cabled the State Department, under today's date, that he has been informed that the Russians today evacuated New Chwang. He also confirms the published reports of the sinking by the Vladivostok squadron of a British steamer with a cargo consigned to "The American Trading Company."

The vessel mentioned by Mr. Conger is the Knight Commander, Hopkins & Son, the local agents of the American Trading Company, report that the steamer sunk was of 6000 tons and sailed from New York sixty days ago under charter by Howard, Houlden, Howatt & Co., of London and New York. The general cargo she carried belonged mostly to American merchants and was consigned to the American Trading Company's shipping agents at Yokohama, on account of the chartering firm. It is stated positively that the cargo contained no contraband of war and it is expected that the State Department will be addressed on the subject.

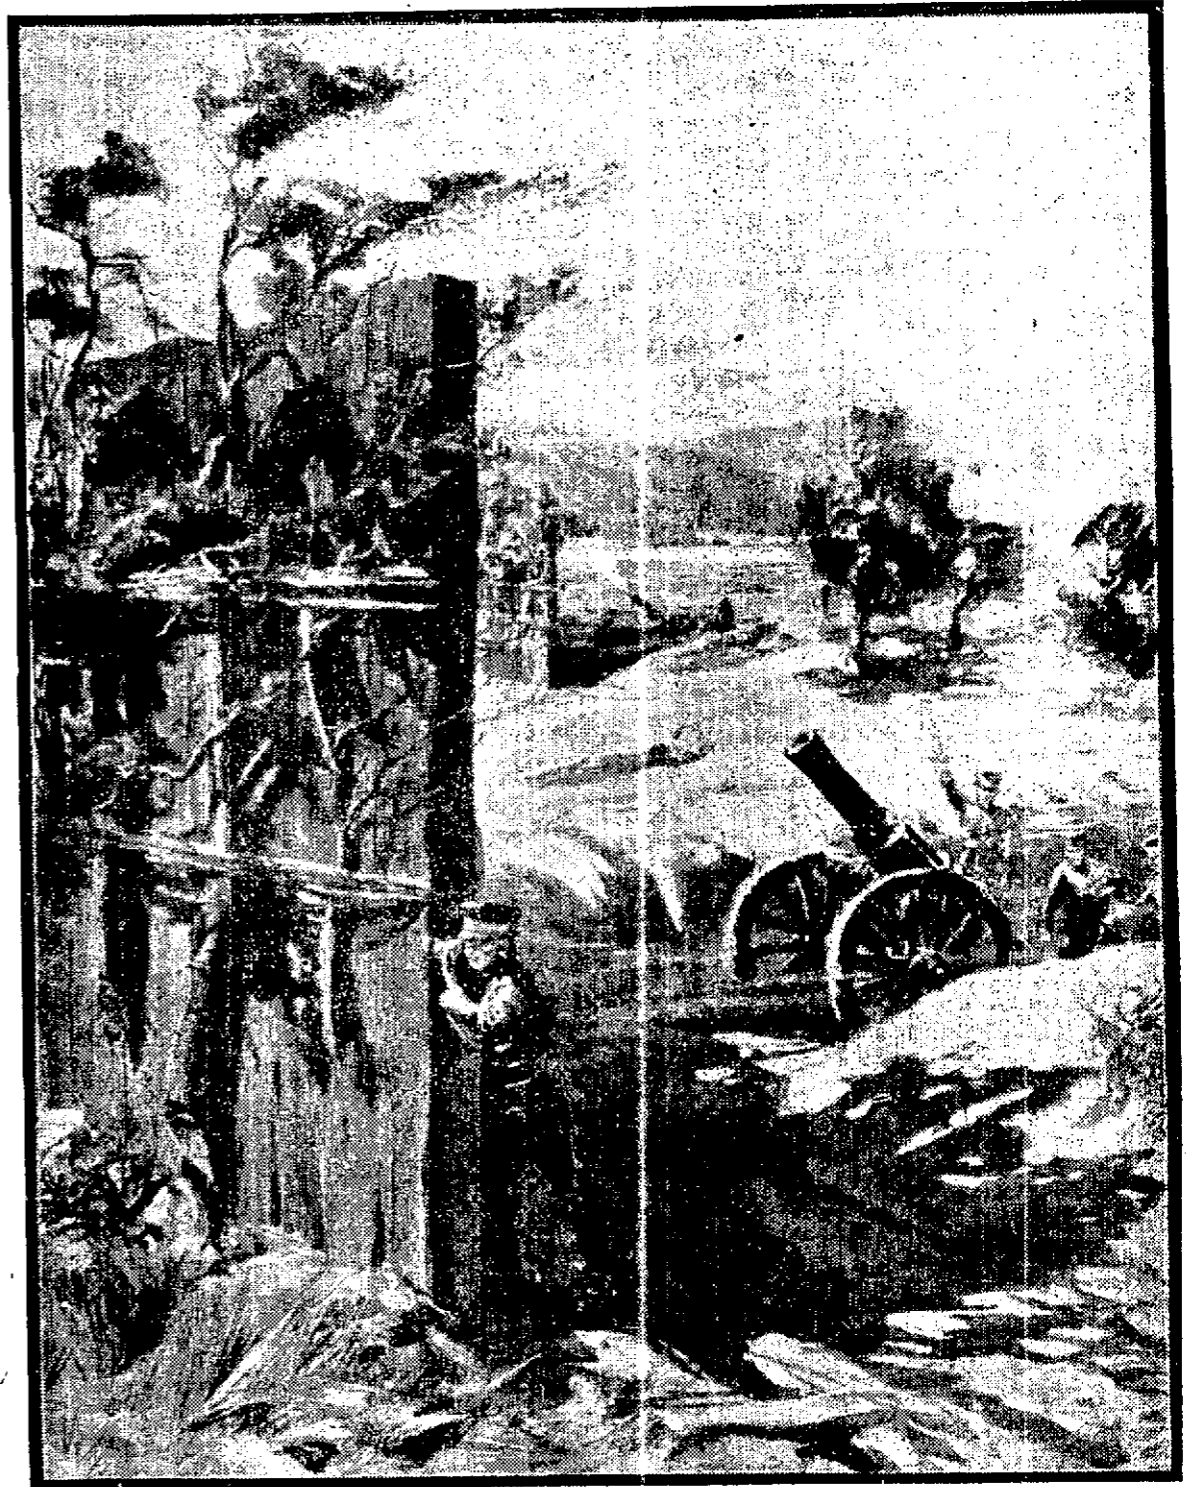

### SQUADRON IS SEEN AT SEA.

TOKIO, July 25.—The Russian Vladivostok squadron was seen to the eastward of Katsu-Ura province at 2 o'clock this afternoon. It was steaming to the east.

Katsu-Ura lies almost due east of Tokio.

### ARDOZA WILL SOON BE RELEASED.

SUEZ, July 25.—The British steamer Ardoza, seized by the Russian volunteer fleet vessel Smolensk, will be released tonight. The Russian consul has sent off a lighter to bring the Russian officers and prize crew aboard.

A CLEVER JAPANESE RUSE: MASKED HOWITZERS ON KINTATO ISLAND DURING THE PASSAGE OF THE YALU.

### PORTLAND STEAMER IS CAPTURED.

American Goods Are Now in Hands of Russians.

PORTLAND, Ore., July 25.—The Portland and Asiatic liner Arabia, seized by the Russian Vladivostok fleet, sailed from this port for the Orient on the night of July 1, carrying about 5000 tons of freight, valued at \$187,087.

Her cargo included 33,726 barrels of flour, most of which was consigned to Hongkong merchants with smaller shipments to Kobe and Nagasaki.

Next to the shipments of flour the most important item in the steamer's manifest was a large shipment of material used in the construction of railway cars consigned to Kobe and Yokohama.

The vessel was not protected from war risks, and but a slight portion of her cargo was insured against war risks, owing to what was then deemed an exorbitant rate, 1-4 per cent being asked.

The Portland and Asiatic Company is in reality a branch of the business of the Oregon Railway and Navigation Company, which is controlled by the Harriman railway interests.

That company has received no news of the capture of the Arabia.

It is believed at the general offices of

the Railway and Navigation Company that the Arabia was seized because of her shipment of railroad materials, flour consigned to individuals not being contraband of war under the rule observed by belligerents in the past.

#### FLOUR ON BOARD.

BERLIN, July 25.—According to a dispatch to the Lokal Anzeiger from Tokio, the German steamer Arabia, captured by the Vladivostok squadron, had on board a cargo of 30,000 sacks, not 3900 tons, of flour, as announced in a Yokohama dispatch. The dispatch confirms the reports that the Arabia and an unarmed British steamer have been sent as prizes to Vladivostok.

The Arabia is a Hamburg-American line steamer. She was recently chartered for the service of the Pacific Coast of America.

### FRED M. CAMPBELL IS TO TAKE A BRIDE.

Fred M. Campbell of 1262 Webster street, formerly Superintendent of the Oakland public schools and once State Superintendent of Public Instruction, who became a widower many years ago, is to re-enter the matrimonial field, it is rumored.

No definite details can be learned from his son-in-law, Harry P. Roach, of the California Ink Company, San Francisco, but from another informant it has been elicited that Mr. Campbell will, during the coming November, wed a guest of the Pleasanton Hotel, San Francisco, a widow who is said to be well endowed with this world's goods.

Later inquiry this afternoon elicited that the lady in the case is Mrs. H. M. L. Walker. It appears that she was a

resident of Honolulu several years ago and was domiciled at the hotel whereat lived Marston Campbell, a government civil engineer, son of Mr. Campbell.

Two years ago Miss Mary Campbell, a daughter of the prospective benedict, was in Honolulu visiting her brother, She and Mrs. Walker became firm friends. Some months ago Mrs. Walker came to San Francisco and renewed her intimacy with Miss Campbell.

The wedding next November will en-

due as the romantic climax. Mrs. Walker has no living relatives, and her marriage to Mr. Campbell, the distinguished educator, and prominent Oakland citizen, will not only add to her social happiness, but also re-introduce her into the marriage estate under other favorable auspices. Congratulations to both parties are now in order.

# POLICEMAN BEATEN.

## He Insulted People at Shell Mound Park.

Police Officer Karl E. Kents, who gained a position on the police force last October after having run a general store for the satisfaction of the Commissioners to show that he could cover 100 yards in thirteen seconds or better, engaged in a Sunday night frolic at Shell Mound Park that is apt to cost him the position he earned.

It is charged that he was drunk and disorderly, besides which he has a "shanty" over his eye that will prevent him being able to perform duty on more than one side of a street at a time for some time to come. Further ignominy was heaped upon him by being handcuffed and taken to the County Jail, where he was deprived of his star by Sergeant Lynch. Lacking bail he was forced to spend the night there.

Kents is the possessor of one of the worst eyes ever dressed at the Receiving Hospital. He was struck by a policeman's "billy" just below the eye and that entire side of the face is swollen out to abnormal proportions. He was otherwise bruised and injured, but says that if he had not sprained his knee he would have made a better showing. He was arrested by Constables Wagner, Asher and Green at Shell Mound Park last night, the occasion being a moonlight picnic that Kents attended accompanied by a lady.

The moonlight, the music and the liquor gradually had its effect on Kents and in his exhilaration he engaged in a personal exhibition of skill at a table where some people were sitting that caused them to take offense and a fight ensued.

It is stated by the constables that they put Kents out of the park but that he insisted upon returning and it was only when they finally had to use force, he fighting back, that they were forced to use a club in order to subdue him. Along with Kents was W. Reynolds, a butcher, who was arrested for taking a hand in the scrimmage, and both were taken to the Receiving Hospital, where their lacerations were dressed and afterwards they were taken to the County Jail.

In an interview Police Officer Kents gave the following account of his trouble: "I was not on duty last night and in company with a lady I went to a moonlight picnic at Shell Mound Park. During the evening I was passing a table where two men were sitting with a woman. An argument started, I do not remember who started it or how it began, but the two men jumped me and just then Wagner and Green came up and they put me out of the grounds. I wanted to go back and investigate the matter for one of the men hit me in the eye and I wanted to find out who it was. When I tried to go back the constables kept forcing me out until finally we got into a fight and one of them cut my face with his club. If I had been in Oakland I would have been all right, but I had no chance at the park. They put handcuffs on me and brought me to the jail here. This morning Sergeant Lynch came down and took my star away until my case can be heard by the Police Commissioners."

Constables Wagner, Asher and Green state that Kents was acting in a highly insulting manner to everyone with whom he came in contact and that when the fight started they put him out of the grounds. When he tried to come back they put him out again, until finally they had to use him as an ordinary rough.

# GREATEST STRIKE IN COUNTRY.

(Continued From Page 1.)

ident George F. Golden, for the teamsters governing body, declaring his belief that a common-sense campaign would end in peace. He pointed out the danger of shutting up the Union Stock Yards and Transit Company, which, he said, would be detrimental to the strikers, as the independent packers were doing the big packers almost as much damage as anything else. He urged that the stock yards company be permitted to continue under some kind of agreement, but his argument had no weight with President Donnelly, who said:

"The time to strike is right now. Let us talk about the independent concerns and about settlements later."

## LEADERS AT WORK.

Then it was arranged that President Schardt, representing the Chicago Federation of Labor, and Barney Cohen, representing the Butchers' Union, should join the Teamsters' Union Committee, to which it had been joined, and John Herridon, business agent of the ice wagon drivers. There are 1200 of the ice wagon drivers em-

ployed by the packers, and with their striking it is admitted the packers would have much difficulty in getting ice to their refrigerator cars.

Before going to meet the packers, the committee of teamsters held a joint conference with the Allied Trades representatives and then with Messrs. Schardt and Cohen went to meet the packers. While the latter conference was in progress the Allied Trades meeting was continued, the delegates being anxious to learn the result of the latest effort to bring about a settlement.

## THE DEMANDS.

Under instructions, the representatives of labor told the packers that they could not waive their demand for reinstatement within twenty-four hours for the cattle butchers and meat cutters and within ten days for others, and for arbitration in cases of individual discrimination.

After the conference a representative of the packers said that no progress had been made and that a settlement seemed as far off as ever.

One of the strongest arguments offered by the opponents of a general strike orders was that it would prevent the unions from using one of their strongest weapons—that by which they could prevent the big packers from doing business and at the same time give their small rivals the trade. The commission men and others active at the stock yards, endorsed.

It was agreed that if the unions intended to hit the big packers hard, the way was to refrain from calling out the beef handlers and others employed by the union stock yards, and transit company since by calling such employees out the strikers would deprive the big packers at only such business as is lost during the strike. By letting the handlers work and keeping hands off, the strikers would stand a show to gain their point.

All the big plants in the yards are reported as killing cattle, sheep and hogs today. The receipts for today were about fifteen per cent of the normal run. About 1000 men in all departments of the various plants failed to report for work this morning, a majority of them thinking a general strike had been ordered. However, the various packing plants were estimated to have 19,000 men in all departments and of this number it was said fully 9000 could be called out by a strike order fully obeyed.

## IN CONFERENCE.

While the conference was in session news came of the strike of all the stock handlers. Independent packers took advantage of this and drove off cattle and sheep were driven out of the yards long after 10 o'clock. When it became known that the walk-out of the livestock handlers affected the independent packers as well as those against whom the strike had been called, representatives of the independents called on the strike officials to ask for special provision allowing them to secure cattle from the yards in the regular way.

## STRIKE SPREADS.

Representatives of the allied packing trades promised to take the question up at a formal meeting. Meanwhile the sympathetic general strike had spread rapidly. When the scale men quit, many of them left unweighed cattle on the scales. Not all the machinists went out. The electrician and dynamo men, however, made large desertions. Their places were asserted to have been quickly filled.

The strike movement soon involved every craft at the stock yards, including the teamsters, steam fitters, plumbers, boxmakers, etc., who walked out successfully, these departments being totally tied up in some instances and but partially in others. There was no violence during the walkouts.

The strike, although general, was conducted apparently without the official authorization of the heads of the various unions, but solely on the order of the business agents, who refused to await the action of the peace conference, which was still in session.

The joint peace conference of the teamsters and packers at Morris & Company's plant, ended without making much if any progress.

The packers' demand that the union men come to them with a definite proposition. The union committee returned to headquarters to confer with the butchers and allied trades. In the hope, it is said, that something definite in the way of a new proposal could be decided upon.

## STRIKE ENDORSED.

ST. LOUIS, July 25.—The strike of packing house employees has received the unanimous endorsement of the Central Trades and Labor Union, which means, in case of a sympathetic strike, that the strikers would have the support of the Allied Trades Unions.

Much interest is taken in the outcome of the effort made today to have the injunction secured by the packers last week at Belleville, Illinois, dissolved. Each side has prepared a mass of affidavits. The injunction and the efforts of the strike leaders themselves have resulted in peace and quiet about the East Side Packing plants.

Up to noon the Allied Union had not received orders from Chicago to go in the strike, but they were holding themselves in readiness to go out. Plants on both sides of the river were in operation today.

Up to 2 o'clock no order to strike

had been received from Chicago by the Allied Unions here, as far as could be learned. None of the officials of the Allied Unions were at their headquarters and the strikers themselves professed to know nothing regarding the situation.

## WORK RESUMED.

KANSAS CITY, July 25.—Work on an increased scale was resumed today at the plants of Armour & Company, Swift & Company, and Fowler Brothers. The Cudahy plant, which had been shut down since the second strike was called, was opened late in the day with a small force. Practically nothing was accomplished at the plant of Schwarzschild & Sulzberg, while the Ruddy Brothers' house is closed down until the strike shall have been ended. Up to 11:30 the Allied Trades at the various plants had not been ordered to strike.

J. A. Keeler, president of the Central Labor Union, which comprises most of the unions which correspond to the Allied Trades in Chicago, said that the order would be given, and he expected the 1800 men here would go out during the day.

C. W. Armour, for Armour & Company, Mr. Rich of Swift & Company, and Mr. Cunningham, manager of Fowler Brothers, asserted that their plants would not be seriously affected by a strike of the Allied Unions.

C. W. Armour gave notice today that all the old employees now on strike who return to work within the next two days, will be re-employed. After that time, he said, their places will be filled permanently. The "open shop" policy of Armour & Company, which has prevailed in the past partially will then be thoroughly established.

## FIREMEN AT WORK.

OMAHA, Nebraska, July 25.—The firemen have not yet gone out from the packing plants here, but are expected tomorrow, unless some chance of a settlement should develop today. News from Chicago that the Mechanicians there had left their work in sympathy with the strikers seems not to have disconcerted the men here, but they are undecided with the course to pursue.

The situation is quiet, little apparent change having taken place since last week. All the plants are operating on small scales and hiring what men they can get. From forty to fifty were hired at each plant this morning.

## TO FILE AFFIDAVITS.

BELLEVIEW, Illinois, July 25.—Judge Holder of the Circuit Court today granted attorneys for the packing houses of East St. Louis three days in which to consider the affidavits of strikers who have applied to have dissolved the injunction granted last week restraining them from interfering with the operation of the packing plants or the men employed therein. The arguments will be heard Wednesday.

# POLICE LOOK FOR YOUNG LADY.

## MISS PERKINS CAUSES ANXIETY AMONG HER FRIENDS.

The San Francisco police have requested the local authorities to make a diligent search for Miss Pearl Perkins, who formerly resided at 430 Post street in San Francisco. She has been missing for several days and much anxiety is felt among her friends for her safety.

Miss Perkins is described as a comely looking young lady, twenty-two years of age, five feet in height and slender in build.

The local police have not been informed of the young lady's antecedents.

# REV. HILL PRESENTS HIS RESIGNATION.

The Rev. C. M. Hill, who has been pastor of the Tenth Avenue Baptist Church for a number of years, yesterday tendered his resignation to the members of his church. Dr. Hill has been offered the position of president of the new Pacific Baptist Theological Union, which will in all probability be located somewhere in the town of Berkeley. Dr. Hill intends to accept this position. Dr. Hill's resignation does not go into effect until October 1, but he will not continue his work in the church after September 1.

# HE WILL DIE FROM WOUNDS.

ST. LOUIS, July 25.—Manager Ben Jenkins of the Cafe Luzon, on the Philippine reservation at the World's Fair, who was wounded Saturday night in an encounter with Philippine natives, is expected to die from his wounds. He is now in the hospital, and his condition is reported as serious.

## MARRIAGE LICENSES.

The following marriage licenses were issued by the County Clerk today: Manuel Raymundo, Hayward, 26; Maria Camara, Hayward, 17; Frank D. Chase, Berkeley, 40; Atlanta J. Lincoln, Berkeley, 50; Antonio Campasene, Oakland, 28; Emelie Lennal, Oakland, 28; Frederick M. Helms, Berkeley, 21; Mina Janssen, Oakland, 18; William Johnson, Oakland, 21; Madeline Kent, Oakland, 18.

## TEA

There is no Schilling's Best not in packages, "air-tight" packages.

# ENGLAND CAREFUL.

## Will Await News of Thirty Thousand Operatives Are Out of Work.

LONDON, July 25 (7:41 p. m.)—The Foreign Office has received news of the sinking of the British steamer Knight Commander and has instructed the British Consul to make a full investigation of the case and report at once to Downing street.

Until his report is received no action will be taken. The Foreign Office regrets the incident as coming at an unfortunate time in connection with public opinion here, but the officials refrain from all comments pending receipt of details.

# CHABOT ESTATE DISTRIBUTED.

## SMALL RESIDUE OF ONCE LARGE PROPERTY GIVEN TO HEIRS.

Final distribution of the estate of the late Antoine Chabot was ordered by Judge B. F. Ogden on the petition of Ellen H. Chabot this morning. But little was left to be effected by the order of the court of an estate appraised at \$13,348,370.72. Through former partial distributions the heirs have been put into possession of their various interests with the exception of \$7,623.55 worth of property. Besides this, however, a petition was presented by the Contra Costa Water Company to have certain pieces of property included in it included in the final decree.

Upon the calling of the case Miss Ellen Chabot, as executrix of the estate, took the witness chair and testified to the fact that all the heirs of the estate had been closed with the exception of a few small pieces of property. All debts had been paid and expenditures accounted for.

She stated that she was willing to assume a small residue of \$1000 on a piece of property in Contra Costa county belonging to the estate and change her will with the amount of money. She also asked for the distribution to Mary Ann Chabot of a block of land in East Oakland bounded by First and Second avenues and Fifteenth and Sixteenth streets, sold to her for \$5000 and already approved by the court.

Miss Chabot also asked for the Contra Costa Water Company to be interested in was stated by Judge John Yule to be twenty-six acres and a half of land near San Leandro and block 203 at First and Webster streets on the western front which the company was now using for the site of some machine sheds. These pieces of property he stated the company had offered to and it was only a matter of time that it would be included in the order of distribution of the estate.

Upon the completion of the testimony of the case Judge Ogden made the order prayed for and the final distribution was ordered.

# LATHROPE IS IMPRISONED.

P. E. Lathrope was this morning sentenced to thirty days imprisonment in the City Prison this morning on a charge of misdemeanor embezzlement preferred by D. Peck, a fruit dealer.

Peck alleges he gave Lathrope \$1500 on account of collecting for him, but Lathrope collected the money, but did not return it, retaining \$12. The complaint has been returned on a number of occasions on various charges.

# MRS. FOLGER'S TEAM RUNS AWAY.

A team of horses owned by Mrs. J. A. Folger of Jackson street, 10, escaped from their coachman and ran away this morning at 11 o'clock. The team, which belonged to Schmitt's livery and was being driven to the stock and horse market, was hauled from the street, but was not injured. Nobody was in the way at the time of the accident.

# COMMITTEE TO CALL ON STRIKERS.

CHICAGO, July 25.—Butchers and allied trades' unions decided today to send another committee to call upon the packers. The committee, which was prepared to call upon the packers is composed of the representatives of all the allied trades.

# CREW IS ILL WITH BERRI-BERRI.

PHILADELPHIA, July 2.—The long overdue bark Foohing Suey, which sailed from Kahului March 7, arrived at the Delaware Breakwater today with berri-berri running among her crew. One member of the crew is dead and two are dangerously ill with the dread disease.

# SALOON BURNED.

SACRAMENTO, July 25.—Shortly before noon today, fire destroyed the residence and saloon of Ma. tin Schuler, at Highland Park, a suburb of Sacramento. Loss about \$3500.

CONDITIONS UNCHANGED. ST. PAUL, Minn., July 2.—The allied trades at South St. Paul have as yet received no instructions to go on a sympathetic strike. Conditions are practically unchanged.

# STRIKERS ARE OUT.

## tives Are Out of Work.

FALL RIVER, Mass., July 25.—The strike order issued by the Fall River Textile council, calling upwards of 30,000 operatives to remain away from the mills today in protest against a reduction of 12 1/2 per cent in wages, became effective today and the response was as general as the labor leaders had predicted.

Practically every one of thirty-five mills involved shut down. There was no disorder.

Both sides admit this is the beginning of one of the most determined contests which Fall River has ever seen. The managers maintain they were compelled to reduce wages to save their business, while the operatives say conditions affecting cotton manufacture here did not warrant such a reduction.

# NO HOPE OF PEACE.

(Continued From Page 1.)

ment of the peace conference the fact developed that the sympathetic strike had been officially authorized by the labor boards of all allied trades at the stockyards with the exception of the packing house teamsters.

The engineers and firemen, to whom word could only be sent with great difficulty, were allowed to stay at their posts until 6 p. m. In all other departments the strike was actually in effect for two hours or more before the official sanction was made public.

It developed that, learning the apparent hopelessness of an agreement, the representatives of the allied trades urged by President Donnelly, adopted resolutions commending the chiefs of all affected unions to enter the yards and call upon every organized man to quit and join in a general strike.

It was this condition that the teamsters' committee of eight found when its members returned from Morris & Company's office at noon. Immediately there was another conference between the committee of eight, the allied trades body and representatives of the Butchers' Union. It was still the hope that arrangements could be made for another meeting with the packers.

# PORTLAND VESSEL IS CAPTURED.

## STEAMER ARABIA NOW IN HANDS OF THE RUSSIANS.

PORTLAND, Ore., July 25.—The steamer Arabia, reported captured by the Russian Vladivostok squadron, is believed to be the Oregon Railway and Navigation Company's steamer Arabia, which sailed from this port for the Orient about a month ago with a cargo of flour.

# BRITISH WARSHIP IS ON PATROL.

CONSTANTINOPLE, July 25.—Vessels arriving here report that a British warship is patrolling off Cape Helles, fifteen miles south of the Dardanelles. She is being sought with the supposed vessel of intelligence by the Russian ships which may have been captured by the Russian gunner fleet steamers if they attempt to pass the Dardanelles.

# CAPTAIN HAS ENTERED PROTEST.

SUEZ, July 25.—Captain Smith, of the Arabia has joined with the British consul in protesting against the capture and detention of the steamer Arabia and the crew who are aboard the steamer, which has been landed at Jeddah Arabia.

# GOVERNMENT IS ANXIOUS.

LONDON, July 25.—Answering half a dozen questions about the seizure of the Peninsular and Oriental Company's steamer Malacca and other ships by Russian volunteer fleet steamers, Premier Balfour, in the House of Commons today, after referring to the diverse character of the questions, went on to say:

"The difficulties I may say great difficulties—I do not wish to minimize them—arising from this capture, deal with a problem which has given, and is still giving, the government great anxiety, but of which I may say the signs point to a favorable issue."

# PREMIER BALFOUR HOPES FOR A FAVORABLE ISSUE.

Other six were convicted for conspiracy and sentenced to short terms of imprisonment.

The accusations on all the treason charges please popular feeling, which is against Russia at this time.

# STEAMERS ARE IN DANGER.

## Vladivostok Fleet Will Intercept Our Vessels.

LONDON, July 25.—The Tokio correspondent of the Times, in a dispatch dated July 24, says he believes that the object of the Vladivostok squadron is to intercept trade between the United States and Japan, and that steamers on the way from Canada and San Francisco are in serious danger.

He says that another aim of the squadron is to seal Tokyo bay.

# MURDERED AHEARN BURIED.

## WEST OAKLAND OILER LAID TO REST NEAR SCENE OF HIS DEATH.

The body of Michael Ahearn, the steam-shovel operator of this city, who was murdered near Reno, Nev., in the early part of last week, was buried at Wadsworth, Nevada, yesterday. The widow and family of the deceased, who reside at 255 Pine street, were greatly disappointed when they ascertained that the remains had been so summarily disposed of. The widow had ordered the body to be forwarded here and was informed that the instructions would be complied with and that the remains would leave Reno on the Saturday night train. Later the widow was informed that the remains were not in a condition to be shipped and a metallic casket was ordered for their accommodation. Yesterday morning, taker McManus went to the depot to get the remains but the body did not arrive, a casket such as was ordered not being available. Money which had been coming to the deceased from the Government work in which he was engaged was expended for the interment.

# MONTGOMERY IS RELEASED.

The charge of misdemeanor embezzlement preferred against J. H. Montgomery, a local real estate agent, by E. E. Backett, was dismissed by Police Judge Samuels court this morning on the motion of the complaining witness.

Backett said that he had learned that Montgomery had been sick and that he had called on him, but that the money, full settlement has been made by the defendant.

ADmiral COOPER COMES FROM THE ASIATIC STATION.

SAN FRANCISCO, July 25.—Among the passengers on the steamer China, which arrived from the Orient today, was Admiral Cooper, who has been relieved from command of the Asiatic Station, and comes home on sick leave.

Lieutenant Blair, who has been flag officer on the Wisconsin and whose wife is the admiral's niece, comes with him. Old officers returned on the China are Dr. McCullough and Major Perkins, of the marine corps.

The China put into Shanghai to land a suspected case of smallpox and at Nagasaki the ship was thoroughly fumigated. The passengers spent the day in the hands of quarantine officers.

# CAPTAIN AND CREW SAVED.

NEW YORK, July 25.—The local agents of the Knight Steamship Company, Limited, owners of the Knight Commander, today received a cablegram which stated that the ship had been sunk off the Japanese coast and that the captain and crew had been saved.

AWAIT NEWS. ST. PETERSBURG, July 25.—8:15 p. m.—Confirmation of the details of the reported sinking of the British steamer Knight Commander by the Vladivostok squadron is eagerly awaited here owing to the probability that it will create another incident with Great Britain.

# ENGLAND IS VERY CAUTIOUS.

## Acute Stage of the Diplomatic Crisis Has Passed.

LONDON, July 25.—While no protest has yet been made over the action of the Russian volunteer fleet steamer Smolensk in firing two shells over the British steamer Ardova, if the official report of the British government bears out the press dispatches a strong protest will probably be entered against the Smolensk endangering the lives of the Ardova's passengers by the irregular proceedings of the captain of the Smolensk, custom requiring that when a vessel at sea refuses to obey the signal of a warship to stop, to follow it up with a solid shot across her bows.

The captain of the Smolensk, it is added, might be liable to a severe penalty for his act and also for the transfer of the Ardova's crew on board the Smolensk. But the collateral questions will be the subject of mutual negotiations when Great Britain presents her bill for damages. The main thing is that, so far as the volunteer fleet steamers are concerned, the acute stage of the diplomatic crisis has passed.

It has been decided, at the request of Great Britain, in order to avoid further loss of time, not to send the Malacca to Suda Bay, Island of Crete, but to release her at Algiers. The Associated Press is informed that it is possible there will be no formal inspection of her cargo by the British and Russian consuls, but merely a declaration by the British consul, in behalf of the British government, that the munitions on board the Malacca belong to Great Britain.

# TAGGART TO BE CHAIRMAN.

## HE WILL BE ELECTED TO MANAGE DEMOCRATIC CAMPAIGN.

NEW YORK, July 25.—Democrats from all parts of the country are arriving in New York today to attend the meeting of the national committee tomorrow. No doubt is expressed among members of the committee about the election of Thomas Taggart as chairman.

There is a suggestion today that after Taggart is elected that a finance committee, of which Wm. F. Sheehan, Senator Gorman and August Belmont will be members, will be named. And that these gentlemen will have the management of the campaign in the Eastern States.

# SOLD REPUBLICANS ADD THEIR NAMES.

## Success of the Attempt to Form Union League Club of Alameda County.

The work inaugurated by F. R. Porter of establishing the Union League Club of Alameda county has secured a large measure of success. Despite the fact that some of the most prominent leading Republicans of the county, such as Governor George C. Pardee, United States Collector of Customs F. S. Stratton, Judge H. A. Melvin, Benjamin Ide Wheeler, et al., are away, still a remarkably substantial showing of membership material has been gained by him since the canvass for names was begun a day or two ago.

New York City is the home of the Union League Club. It was in that metropolis in 1854 that the first organization of the kind was formed. Now, in various cities of this republic there are clubs patterned after the one in New York City and among all of them the spirit of affiliation with kindred Republican bodies of the same title is exceptionally strong.

It was only at the close of last week that a Union League Club was founded in Los Angeles and at the opening meeting there was in attendance a delegation from the Union League Club of San Francisco.

Perhaps no Republican of Alameda county has taken a greater interest in the proposed local Union League Club than has Attorney and Counselor George D. Metcalf, partner of Counselor Victor H. Metcalf and George A. Knight of San Francisco is another gentleman who has expressed decided approval of the undertaking.

Mr. Porter, who has been prime factor in starting action in behalf of the Union League Club of Alameda county, was projector with J. Meredith Davies of the Oakland Board of Trade and he also originated, with George L. Fish, the Oakland Merchants' Exchange. He was president of the Second Ward Republican Club of Oakland in 1896 and had a resolution adopted by it favoring McKinley's candidacy at the St. Louis convention and that measure often quoted, was the first one published by any political club in this country. When Victor H. Metcalf was president of the Fifth Ward Republican Club of Oakland, Mr. Porter was first vice-president thereof, and he served as the acting president. Hon. F. S. Stratton had nominated Mr. Porter for president of the club the night Mr. Metcalf was chosen.

The proposition to have a Union League Club in Alameda county reads and is sustained by a list of subscribers as follows:

OAKLAND, Cal., July 22-31, 1904.

We, the undersigned, favor the project to found the Union League Club of Alameda county.

**Five Days More.**

**SHORT TIME LEFT TO CLOSE OUT POMMER-EILERS LARGE STOCK. MORE SALE PRICES.**

The time is short and the pianos are going. Saturday was a hammer day, in fact, each succeeding day is busier than the day before; the enthusiasm is spreading. Here is a list of brand new sales just closed Saturday or too late for publication Friday: A Kimball, style 32, a Cornett, a Bailey, a Dwyer, a Schumann, a Kimball, style 14, a Bond, a Mozart, a Bond and a Kimball No. 14. More sales will be closed before this is printed.

In spite of the many pianos sold, there are still many of the really most astonishing bargains unclaimed. Better fly your claim today. It will be a paying investment. By purchasing at Pommer-Eilers Music Co., right now when such extra special inducements are offered, will save you a full 25 or 30 per cent. You will acquire a piece of property of real intrinsic value, as good as gold, no matter how high the price. In fact, we guarantee satisfaction or money back on every piano sale made by us.

A score of well-known piano makers are offered for your choice. He is hard to please. Indeed, come to \$250, \$350 and \$500. Even \$25 and \$35 will furnish the home with a piano. They are good, serviceable instruments for the children to practice on and the grown-ups to play on.

Very fine art pianos, which even at the reduced prices, come to \$250, \$350 and \$500, even higher. Ordinarily these same pianos would be priced fully \$100 to \$200 more per instrument. Pommer-Eilers price system and the necessity of this sale make the difference.

The Hazelton, Lester, Pease, Haddock, Decker and the Kimball, in the various designs and sizes, are an array to dazzle any piano-buyer's eyes. You'll be no exception. All the prices—they simply steal the bargain.

Delay is dangerous; the favorites are going. We shall be pleased to show you our stock today. We're open evenings during this sale.

Our terms: Anything reasonable. We trust the nearest.

Rodolph, Vice-President Union Savings Bank; John Mitchell, President Board of Supervisors; A. K. Grim, County Recorder; Dudley Kinsell, Vice-President State Savings Bank; W. E. Dargie, Tribune Publishing Company.

It is intended to have the Union League Club of Alameda county commence actual life with an original membership of about fifty individuals. Organization is to be perfected in Oakland next Monday evening, August 1st, and the by-laws and other helps of the Union League Club of San Francisco will be utilized. Once in running order, the matter of enlarging the membership list will receive due attention. It is believed that several hundreds of applications to join will soon be filed.

Following the course of the San Francisco club, which is to have superior quarters in the Burbank building, now occupied by the Pacific Union Club, the Union League Club of Alameda county will aim to be housed comfortably, so that visiting political dignitaries will be agreeably impressed. It is possible that the inaugural function of the club will be a reception tendered next month to Secretary Metcalf of the Federal Department of Labor and Commerce.

## EQUALIZERS HOLD MEETING.

### NARROW GAUGE PROPERTY IS PLACED ON THE ROLL.

At the meeting of the Supervisors, as a Board of Equalization this morning, the property of the South Pacific Coast Railroad Company was ordered placed on the assessment rolls for this year. This was done at the instance of Deputy County Assessor Thomas M. Robinson, who swore that the property had been omitted from the assessment roll through a clerical error.

The property in question comprises a line of single broad gauge steam railroad beginning at the narrow gauge ferry depot on the bay and south of the southerly line of the Oakland harbor training wall and running thence to and upon Harrison street bridge where the northern line of Alameda intersects the same. This means a distance of three miles and includes roadway, roadbed and local rolling stock.

**FERRIES.**

Mr. Robinson also swore that the ferry steamers on the Alameda narrow gauge line and franchises of the same road had been omitted from the assessment roll through clerical error and asked that the same be placed on the roll as follows: Franchise over the line above described and had of the City and County of Berkeley, Garden City and Newark, fuel, furniture and fixtures at Alameda Point and Alameda Mole.

This request was also granted.

**APPLICATIONS.**

The Equalizers disposed of applications for correction of assessment as follows:

William I. Reed, from \$700 to \$100, continued till tomorrow.

Catherine Ryan, Berkeley from \$1000 to \$500, continued.

Minnie E. Dwyer, San Pablo avenue and Twenty-sixth street, from \$3,050 to \$2,050, continued.

E. F. Fairchild from \$600 to \$400, granted.

Alice M. Colby, Brooklyn, from \$1200 to \$900, granted.

Warren G. Sarborn, Berkeley, from \$200 to \$1700, continued.

Henrietta Meunier, Oakland, continued.

May E. Payne, Berkeley, from \$1500 to \$1100, continued.

E. Belle Oudry, Berkeley, from \$5500 to \$4100, continued.

Julius Quinchard, Alameda, from \$10,800 to \$6,200.

Adjourned until tomorrow morning at 10 o'clock.

**PLEADS NOT GUILTY.**

W. M. Biddgett pleaded not guilty this morning in the Police Court of battering Mrs. Lou Chapman, who resides at 406 Sixth street. His trial was set for July 28.

## ALAMEDA COUNTY WILL SHOW AT PORTLAND.

### Supervisors Will Make An Appropriation for An Exhibit in the North.

Alameda county will be represented in the Lewis and Clark Exposition, which is to be held in Portland during the summer of 1905.

A resolution setting forth that it is the sense of the Board of Supervisors that such a representation should be made was adopted at the meeting of that body this morning. Mr. Talbot being the only member of the board who was absent.

The matter was brought up by Commissioner Walker, who read a communication from Custodian Pearce asking for information as to whether the Supervisors wanted any of the Alameda county exhibit now in St. Louis sent to the Portland fair. Mr. Pearce set forth that Governor Pardee was anxious to know what was to be done in the premises. Mr. Walker said that a part of the money required for the exhibit at St. Louis would have to come out of a levy which would be made next month and which would be collected next November.

Commissioner Wallace was then introduced with the statement that he had just returned from his labors at the St. Louis Fair. He said he had heard a great many complimentary words about the Alameda county exhibit at the fair. The commission had not been able to secure fresh products for the exhibit owing to the lateness of the time of commencement and had decided that under the circumstances photographs of the ranches would do as well. Accordingly, the commission had lined the pillars and parts of the interior structure with photographs of scenes on ranches and other places throughout the county, which had attracted a great deal of attention.

The cases had been closed with plate glass covers and some of the exhibits had been inclosed in glass jars. The display appeared richer and to greater advantage under glass.

Supervisor Mitchell asked how much the exhibit had cost.

Commissioner Walker said the total expenditure would be between \$10,000 and \$12,000.

Mr. Mitchell said he desired to know the cost of the structure and Mr. Walker replied it would be near \$3000.

Mr. Wallace then stated that they had to pay \$5 to carpenters, who were poor workmen at best. He had also taken his car out of town to help himself. He had then started in and done all the boosting and appealing for Alameda county, and his wife had done the same thing. He had found that the exhibit made by California was a credit and was doing the State an immense amount of good. They all took off their hats to the California exhibit and the display of Alameda county was not far behind.

**BIG BUTTON.**

The impression seemed to prevail that Oakland was situated near Los Angeles and the speaker said he had destroyed that by getting out a large land button on which there was a showing of the relative location of Oakland, Berkeley and Alameda with reference to San Francisco.

**TEA**

Good tea goes far to make common food luxurious. Costs perhaps nothing at all.

Your grocer returns your money if you don't like his tea.

**POISONED BY EATING BERRIES.**

Yesterday, shortly after eating his lunch, F. A. Durant, living at 1412 West street, was seized with severe cramps. It is thought that the poisoning is the result of eating strawberries. Durant became unconscious from the effects of the poisoning and was at once removed to the hospital. Durant was treated by the doctors in charge and was soon pronounced out of danger.

**MATTERS OF INTEREST HANDLED AT THE SESSION TODAY.**

At the meeting of the Board of Supervisors this morning all the members were in attendance, except Supervisor Talbot.

The report of Roadmaster Merrill of repairs in Piedmont road district was filed.

**CERTIFICATE BOOKS.**

County Superintendent of Education made a request for 100 certificate books. The matter was referred to the Committee on Printing.

**POLL TAX DELINQUENCY.**

The property lien created by the alleged non-payment of poll tax by H. S. Howard was ordered cancelled, Howard showing that he was under age at the time alleged delinquency took place.

**SALOON LICENSES.**

Applications for saloon licenses were filed by F. E. Vargas, Alvarado, with S. J. Simons and L. Palmberg, as sureties, and N. J. Downey, Mission San Jose, with W. M. Watson and Charles Jurgens as sureties. They were referred to the License Committee.

Saloon licenses were granted to J. A. Amargal, Irvington; Antonio Davila, Alvarado; Simon Costa, Mission San Jose; John S. Edgar, Greenview.

**PEDDLER'S LICENSE.**

J. J. Kovalsky was granted a free peddler's license.

The report of the Sheriff for July showed the expenditure of \$244.75 for the maintenance of prisoners in the County Jail.

**TIME CREDITS.**

John Robal and J. Black, prisoners in the County Jail, were granted time credits in reduction of sentence for good conduct.

## MORE VISITORS AT ROSEMOUNT.

ESOPUS, N. Y., July 25.—Former Senator James K. Jones, the retiring chairman of the Democratic national committee, and D. J. Campau, a member of the committee from Michigan, were visitors at Rosemount today. They will attend the meeting of the National Committee in New York tomorrow.

After the meeting of the National Committee tomorrow several members will come to Rosemount for a conference with Judge Parker.

Among them will be Thomas Taggart, who is a socialist, and plans for the campaign will be gone over.

He possesses miniature reproductions of nearly every great battleship in the world, besides innumerable models of forts, guns and various weapons of destruction. The collection is a model in the collection is of a machine to prevent burial before death. It is somewhat like a guillotine and slowly drives a sharp knife into the neck of the victim.

Among the numerous superstitions of the Cossacks there is none stronger than the belief that they will enter heaven in a better state if they are personally clean at the time they are killed. Consequently, before an expected battle they perform their toilet with scrupulous care dress themselves in clean garments and put on their hair shave. For sanitary reasons Japanese surgeons urge the Mikado's soldiers to do the same.

On the Manchuria, a new vessel belonging to the Pacific Mail Company, is a ship over a large room naming it as the "Chinese opium smoking room." It is explained that such a room is necessary in the oriental trade, for the Chinaman must have his opium smoke.

**ROUTINE OF THE SENATORIAL DISTRICTS.**

**Belshaw Hotly Opposed in Contra Costa—Smith Strikes a Snag in Santa Barbara.**

Senatorial preferences continue to absorb most of the attention and activity in Republican circles. Bard has scored by having John N. Anderson, the nominee for the Orange-Riverside Senatorial district, instructed in his favor, but the indications are that his boom will get a decided setback in the Los Angeles primaries. He is also likely to receive a jolt in San Diego on account of his coalition with Smith of Kern to defeat Senator M. L. Ward for the Congressional nomination.

Smith himself has raised a boulder in his path by joining Bard's political church. He had counted on getting the Santa Barbara delegation, but the delegation from that county is tied up hard and fast to Frank T. Underhill, and it is the common report in political circles that this has been done to put a spoke in Smith's wheel for turning over Kern county to Bard. It appears, therefore, that Smith has lost more in Santa Barbara than he has gained in Orange, and it does not look as if Bard would be able to make good for him in either Riverside or San Bernardino.

**UNIONS AGAINST BELSHAW.**

Senator Belshaw is going to have a hard fight to get a solid delegation from Contra Costa county. If he loses two delegates he will be beaten, for Martinelli has the eight votes from Alameda and needs only two of Contra Costa's eleven to make good. His friends and Belshaw's enemies are busily stirring to see that he gets a portion at least of the delegation.

Belshaw has incurred many personal enemies in politics. He fought Senator Perkins and is not particularly friendly to Secretary McCall. He has also antagonized a group of influential Republican politicians in his home county, but worst of all, he has arrayed the labor unions, which are strong in the western end of the county, by his fight against the employers' liability bill and by his identification with the Mine Owners' Association.

The friends of Revenue Collector John C. Lynch and ex-Governor Gage are anxious to take Belshaw's scalp. A Martinelli club with sixty members on the roll at the outset, in Martinez, shows the strength of the opposition against Belshaw. Lined up to oppose the Belshaw candidate are W. S. Harding, president of the Bank of Martinez, Assessor Henry Jones, Arthur Coleman, the Alhambra fruit grower, J. M. Stow of Walnut Creek, president of the Board of Supervisors; Attorney McKernie and most of the followers of the late Jim Rankin in the fight with Belshaw four years ago.

Then, too, the opposition forces are checking at having bolted up John Bermingham Jr., the powder man, who was one of Belshaw's most influential supporters. Because of his friendship for Belshaw, President Stow and the anti-Belshaw men in the Board of Supervisors raised the assessment of Bermingham's powder company \$500,000, meaning an increase of \$8000 or \$10,000 a year in taxes. Now the powder companies are in the dust and Eastern men are taking charge of the works. Bermingham has been a cold keeper out of factional politics and not incur any more taxation increase. This is considered a blow to Belshaw.

But Belshaw is supported by Sheriff Veale, perhaps the best campaigner in Contra Costa county, and has many friends and a sack as long as a German mile. All the hard influence is for him, tooth and nail and most of the large manufacturing and mining corporations.

**A THREE-CORNERED FIGHT.**

Over in the Solano-Napa district a lively three-cornered fight is being waged between Senator Collett, ex-Sheriff Ben Rush of Suisun and District Attorney Frank Devlin of Vallejo. Rush and Devlin are fighting each other merely for supremacy in county politics and now Devlin's chances for the non-

He has also antagonized a group of influential Republican politicians in his home county, but worst of all, he has arrayed the labor unions, which are strong in the western end of the county, by his fight against the employers' liability bill and by his identification with the Mine Owners' Association.

The friends of Revenue Collector John C. Lynch and ex-Governor Gage are anxious to take Belshaw's scalp. A Martinelli club with sixty members on the roll at the outset, in Martinez, shows the strength of the opposition against Belshaw. Lined up to oppose the Belshaw candidate are W. S. Harding, president of the Bank of Martinez, Assessor Henry Jones, Arthur Coleman, the Alhambra fruit grower, J. M. Stow of Walnut Creek, president of the Board of Supervisors; Attorney McKernie and most of the followers of the late Jim Rankin in the fight with Belshaw four years ago.

Then, too, the opposition forces are checking at having bolted up John Bermingham Jr., the powder man, who was one of Belshaw's most influential supporters. Because of his friendship for Belshaw, President Stow and the anti-Belshaw men in the Board of Supervisors raised the assessment of Bermingham's powder company \$500,000, meaning an increase of \$8000 or \$10,000 a year in taxes. Now the powder companies are in the dust and Eastern men are taking charge of the works. Bermingham has been a cold keeper out of factional politics and not incur any more taxation increase. This is considered a blow to Belshaw.

But Belshaw is supported by Sheriff Veale, perhaps the best campaigner in Contra Costa county, and has many friends and a sack as long as a German mile. All the hard influence is for him, tooth and nail and most of the large manufacturing and mining corporations.

**A THREE-CORNERED FIGHT.**

Over in the Solano-Napa district a lively three-cornered fight is being waged between Senator Collett, ex-Sheriff Ben Rush of Suisun and District Attorney Frank Devlin of Vallejo. Rush and Devlin are fighting each other merely for supremacy in county politics and now Devlin's chances for the non-

## MORE VISITORS AT ROSEMOUNT.

ESOPUS, N. Y., July 25.—Former Senator James K. Jones, the retiring chairman of the Democratic national committee, and D. J. Campau, a member of the committee from Michigan, were visitors at Rosemount today. They will attend the meeting of the National Committee in New York tomorrow.

After the meeting of the National Committee tomorrow several members will come to Rosemount for a conference with Judge Parker.

Among them will be Thomas Taggart, who is a socialist, and plans for the campaign will be gone over.

### BRIEF BITS.

One of the fads of the Emperor of Russia is the collection of models. He possesses miniature reproductions of nearly every great battleship in the world, besides innumerable models of forts, guns and various weapons of destruction. The collection is a model in the collection is of a machine to prevent burial before death. It is somewhat like a guillotine and slowly drives a sharp knife into the neck of the victim.

Among the numerous superstitions of the Cossacks there is none stronger than the belief that they will enter heaven in a better state if they are personally clean at the time they are killed. Consequently, before an expected battle they perform their toilet with scrupulous care dress themselves in clean garments and put on their hair shave. For sanitary reasons Japanese surgeons urge the Mikado's soldiers to do the same.

On the Manchuria, a new vessel belonging to the Pacific Mail Company, is a ship over a large room naming it as the "Chinese opium smoking room." It is explained that such a room is necessary in the oriental trade, for the Chinaman must have his opium smoke.

GERMANIA SCHUTZEN CLUB. A special meeting was held at Shell Mound yesterday by the Germania Schutzen Club and it was decided to join in the formation of a Pacific Coast Shooting Fund for the purpose of holding prize shoots in the various Pacific Coast towns at stated intervals. In 1905 the first prize shoot will be held in some range near San Francisco or at Los Angeles. Future meetings in the future will be held either biennially or triennially in some city in California, Oregon, Washington, Idaho, Montana or Nevada. It is possible that the fund may go as far East as Colorado, as that State is celebrated for its many expert marksmen. Last Wednesday the San Francisco Schutzen Verein held a meeting and decided to take an active part in promoting the formation of a Pacific Coast Shooting Fund and a committee was appointed as follows to represent the Society in the preliminary arrangements: Captain Henry Stelling, Lieutenant Henry Meyer and Secretary Kaufman Wetzel.

NEW SERIES IN BASEBALL TO BE OPENED

DUNLEAVEY AND STREIB, TWO MEMBERS OF THE OAKLAND BASEBALL TEAM WHO HAVE DISTINGUISHED THEMSELVES IN THE SERIES

SEASON IN FULL BASEBALL GAMES ON THE DIAMOND

ANGLERS ARE HAVING MAGNIFICENT SPORT IN A NUMBER OF STREAMS.

THE TROUT SEASON IS NOW ON IN FULL

and daily tales of marvelous catches of trout weighing seven pounds or more in by the local anglers, who remain from a week's sport on the mountain streams. One on now east of the upper Sacramento, where the sport is hot at the present time, or he may take to the McCloud river. Good sport may be had in the Klamath Hot Springs, where many favorable catches have been reported.

The Rogue and McKenzie rivers in Southern Oregon are in splendid condition, plenty of fish being taken, especially near Gold Hill on the Rogue River. Many letters have been received from fishermen at Webber and Independence Lake, telling of the sport.

The Big Basin, Redlands, Creek, and the other streams about Boulder have been the scene of many fine catches this year. It is fishing like this that gives those who live in California the advantage over their brethren in other States, especially those on the Atlantic coast, where one has to spend a day at least in travel.

One may go from Lake Tahoe to White Cloud and Bullen Lake lakes and catch some very good fishing. The fish to be taken up as large as the big lake, but if you have the time it will pay you to go to a sport, back of the may be found bear and other game. If one has the hunting habit.

Yet another place that is attracting the sportsmen is the coast of the State of California, where both fish and game are to be found in great numbers. It is in that section that the Japanese have been making a name for themselves. At Monterey and Santa Cruz is to be found the finest salmon fishing in the world. Even the coast is being sported with it for the pleasure to be enjoyed at the California resorts. If salmon seems the small to proceed farther south around Point Conception into the Santa Barbara channel, and off Catalina Island the fish and the tuna—the latter of which are the largest of the world for gameness—is here to be found.

But there is another part of the State of California which is being opened up to the perfect paradise for sportsmen and that is the Kings River canyon country. One to enjoy the pleasures of trout fishing, the Kings River is a camping trip, for pack mules have to be used to carry what ordinarily can be transported by wagon.

There is a great game country, for everything can be found in this canyon, from the bear to the grouse and quail, while there is a rest that nothing else can give. The scenery is of the grandest, and the water is a certain loneliness caused by the seclusion of the mountains that gives the rest that nothing else can give. There has been splendid fishing reported from Stealing City, up in Butte County. A new stream has been constructed to this point and many of the local experts are up there this year. A new stream has been constructed to this point and many of the local experts are up there this year.

And the grand stand and bleachers of the Oak street diamond were taxed to hold the throngs of spectators. Clatter and cloupe were the chief features of the game. The outfielding of the Iver Johnsons was faultless. Goldstein and his partner were the opposing pitchers and twirled professional ball. The line-up of the H. B. Boursbons was as follows: Mahon, catcher; Goldstein, second base; Krause, center field; McCormick, short stop; Gorman, first base; Graham, third base; McFarland, left field; Moriarty, right field; Goldstein, pitcher.

ZAMPA WINS THE DRAW GAME OF PENNANT.

MODEL YACHTS COMPETE AT LAKE IN GOLDEN GATE PARK.

The Zampa not only won the weekly pennant of the San Francisco Model Yacht Club, yesterday, for the course on the new lake in Golden Gate Park, but lowered the record. In the last semi-final race when the Zampa was opposed to the Imp and the Apache, the excellent speed qualities of the crack model yacht were shown. She held the record, but in this race cut off two seconds of her former time completing the course in three minutes flat. Summary:

First race—Apache beat Roma, America and Olga, time 4:05. Second race—Imp beat Coronado, Florence and Ethel, time 3:30. Third race—Zampa beat Cricket, Fannie and Alice, time 3:25. Fourth race—Apache beat Roma, Imp and Olga, time 3:48. Fifth race—Imp beat Florence, Ethel and Olga, time 3:50. Sixth race—Zampa beat Fannie Cricket and Alice, time 3:15. Seventh race—Apache beat Roma, Coronado and Amelia, time 3:30. Eighth race—Imp beat Ethel and Florence, time 3:47. Ninth race—Zampa beat Cricket and Fannie, time 3:25. Tenth race—Apache beat Zampa and Imp, time 4:05. Eleventh race—Apache beat Zampa and Imp, time 3:09. Thirteenth—Zampa beat Apache, time 3:27.

EXCITING MATCH RACE

INGLESIDE COURSE LARGELY ATTENDED—BETTING EVEN.

The \$250 match race between Doreen and Lily Wright was the feature of the coursing yesterday at Ingleside. The dogs ran up and down the track, Doreen being the favorite. The race was a close one, but Doreen won by a narrow margin. The betting was even.

BERKELEY, July 25.—The tennis courts in Berkeley, in spite of the fact that so many of the college and high school players are away, have been busy during the summer season. Every day the tennis courts of the University are occupied by members of the summer session and students of the regular session who are spending the summer in town. Several very fast matches have been played, and new tennis material has been developed. Although the Berkeley players who have won fame in the recent championship tournaments, have practiced mostly on the courts across the bay, they have played several good matches here.

The interest of the local tennis enthusiasts is taken up in the coming Pacific coast championship, which will be held at Berkeley in September. When the tennis players line up for the coast championship events this year there will probably be two new names on the list of entries, and these will be two of the foremost tennis players of the world. James A. Code has been corresponding with George Wright for some time past and the result will probably be that Beals C. Wright and Holcomb Ward will make the trip West. There is some doubt about the latter's coming, but if he should decide not, Code said that either Clodier or Champion Larned may be persuaded to make the trip.

If these players are brought out this year the local tennis fans will see some great playing at San Rafael. While it is not thought that the local players will have much of a chance with the visitors, they will, no doubt, profit considerably by meeting each other after year in these annual championship events, there is little to be learned, whereas by meeting the visitors they will learn a great deal. The local players will be the only ones to meet the Easterners. With Smith with McGavin and Freeman and Beals as partners, the visitors might have some difficulty in the doubles work. However, McGavin and Murdoch will be coupled as will Beal and Fritz Overton. These two teams, if at their best, would not doubt give a good account of themselves.

SAN FRANCISCO WINS AT LACROSSE.

The San Francisco lacrosse team defeated the San Mateo champions yesterday at the Presidio athletic grounds by a score of ten to four. The visitors claimed they had been unable to do any practice work for the contest. The San Mateo team recently defeated the crack team of Southern California and had a claim to the championship of the Pacific Coast.

The first two quarters were tame, but after that the players got down to work more in earnest. A number of thrilling passes of the ball were made, but the combinations were not up to their usual form. There were frequent slips and fumbles to occasion keenest disappointment. The goals were made as follows:

First quarter—San Francisco, by Taylor; San Mateo, by Hughes; San Mateo, by Lynch; San Francisco, by McAteer; San Mateo, by Wilson; San Francisco, by McAteer.

Second quarter—San Francisco, by McAteer, by Renwick, by McAteer, by Scanlan.

Third quarter—San Francisco, by McAteer, by Renwick, by Scanlan.

Fourth quarter—San Francisco, by McAteer, by Renwick, by Scanlan.

In the series, which will close in September, San Francisco has thus far won four games and San Mateo three.

WILL BOWL THIS EVENING.

Tonight the Oakland Crescent Duck Pin Bowling team crosses the pond to play the creek Owl Bowling team of San Francisco, in the regular duck pin tournament. A series of games will be played tonight, which will decide the winners in the tournament of the silver cups.

The line-up for Oakland is as follows: Leo Nichols, captain; J. L. Clark, L. V. Hunt, E. A. Spencer, Pat Johnson, Ows-Arthur Thorpe, captain; Al Shave, Pete Bertelsen, J. Gueralche and H. Lead.

ALAMEDAS AND PACIFICS HOLD THIRD CONTEST FOR BROWN PENNANT.

Yesterday the Alameda and Pacific Cricket Clubs played the third game in their contest for the Brown pennant.

The game was played on the Webster street grounds, Alameda, and the result was a draw. In favor of the Alameda, the draw being given the Pacific on the infliction of time. It was an intensely exciting game throughout, as the last wicket of the Pacifics to fall would decide the game in favor of the opposing team, who had twenty minutes in which to get it, and the Pacific had an untiring man to take out time or lose. The Alameda tried every sort of maneuver possible in the game, but the Alameda were unsuccessful and the game was drawn. Alameda was first to the bat and McNaughton and Budge made twenty-five runs before they were out.

F. Stahl then went in and added five to the score. Foster also made five, and was caught out in the long field by Cassidy. F. J. Croll and Harry Bird then got in, and all balls seemed alike to them. Croll hit all over the ground. Bird retired after making forty runs, in which were five fours and one five. F. Croll went in next, and better and hit for forty-one, making four fours and one five. George Croll played good cricket for twenty-seven Saunders, who made his brilliant appearance on the cricket field this season, made nineteen in good style. Score closed for 176.

Pacific had two hours and forty minutes to beat this score, but found the Alameda's bowling and fielding too good to hope to win played for a draw, and were successful in their aim. The games prove exciting sport and large numbers of spectators are always present, including the following: The particulars of the game follow:

CLOSE FINISH IN WHICH BUT FOUR INCHES SEPARATE TWO LEADERS.

Yesterday's fifty-mile relay race over the San Leandro triangle was won by the Oakland Wheelmen.

It was the California Associated Cyclers' trophy race and the finish was extremely close, not more than four inches separating the winners of Oakland from A. Trout, the New Century Wheelmen's representative, when the tape was crossed. It was impossible to make a comparative difference between the two leaders as the race was so close.

Wheeler of the California Cycling Club, the third man, was distanced by his two speedy competitors.

By their action today, the Oakland Wheelmen retain possession of the trophy, which they captured last year. The race was the Oakland Wheelmen's throughout, their men leading every four of the six relays into which the fifty-mile course was divided.

The teams that took part in the race were composed of the following riders: In order of relays, Oakland Wheelmen—E. H. Hosen, H. Hancock, A. T. Smith, A. Gilbert, C. Berger, E. Williams.

New Century Wheelmen—Stoehline, McWherter, D. Mainland, A. Wilkes, J. Schen, A. Trout. California Cycling Club—A. Carl, Ringrose, Elliott, Bell, Smith-Wheeler.

NATIONAL SESSION WILL BE HELD IN DENVER IN AUGUST.

DENVER, Colo., July 25.—Extensive preparations are being made for the National Live Stock Association for the meeting which will be held at its headquarters in this city on August 3 and 4, between stockmen representing every State and Territory in the West and the government special landing commission. The secretary of the association is in receipt of information from Washington that Secretary Wilson will accompany the commission and attend the meeting. Letters have been received from John M. Holt, president of the Montana Stock Growers' Association; Paul McCormick of Billings; Mort; H. A. Jastro, Bakerfield, Cal.; Francis E. Warren, Cheyenne, Wyo.; Governor Chatterton, of Wyoming; E. S. Gurney, of Flagstaff, Ariz.; and representatives of other stock growing States expressing a desire that something be done at this meeting which will tend to an adjustment of the arid and semi-arid land and forest reserve matters to the satisfaction of all interested parties.

## ADVICE TO THE SHIPPERS.

Must Be Careful About Carrying Contraband Goods.

WASHINGTON, July 25.—The week's investigation by the State department of the problems connected with the operations of belligerent ships against neutral merchant marine has crystallized in a address to the Pacific Mail Steamship Company.

## HE WANTS TO FIGHT BRITT.

FRANKIE NEIL WOULD LIKE TO MEET THE CHAMPION.

SAN FRANCISCO, July 25.—Someone said once that with little Frankie Neil would fight Jeffries, and there was more truth than jesting in the remark. Neil has offered to fight Jimmy Britt, who is two classes heavier, in New York recently, and what is to prevent Frankie from sapping over a couple more classes and taking on Jeff?

## MINE WORKERS ORDER A STRIKE.

BIRMINGHAM, Ala., July 25.—The district convention of the United Mine Workers today ordered a strike, which affected 6000 men. Differences over wages, hours of work and differentials are the cause of the strike.

## BOY TRIES TO TAKE HIS LIFE.

Filipino Youth Wanted to Jump From Window.

SAN FRANCISCO, July 25.—Police men, responding to frantic cries for help about 7:30 o'clock this morning, saw a woman leaning from the third-story window of the house at 952 Pine street and holding in the air a young man who struggled desperately to wrench himself from her grasp and fall to the pavement far below. For a moment it seemed impossible to save the youth from being dashed to death, for he was held only by one wrist, but the policeman ran up the stairs, guided by the screams, they reached the woman's side in time to catch and draw back to safety a slight Filipino lad.

Teodoro Conds Cruz, 15 years of age, is the youth who tried to kill himself by plunging from his bedroom window, and it is Mrs. Florence Jones that he owes his life. Sorrow upon sorrow had unbalanced the boy's mind, disease had annihilated all the other members of his family, and though he was left great wealth he became a victim of melancholia, and sought to follow his mother, father, sisters and brothers, all of whom had been taken from him by death within the past two years.

## JAPAN ENTERS PROTEST.

DOES NOT LIKE THE WAY RUSSIA CARRIES ON WAR.

ST. PETERSBURG, July 25.—A 15 p. m.—The admiralty, according to excellent information, is preparing a statement regarding the vessels of the volunteer fleet, which will be published in the Official Messenger tomorrow.

## COMMANDER WAS INSURED.

LONDON, July 25.—It is pointed out in shipping circles at Liverpool that if Russia's contention that railroad material is contraband of war, the presence of bridge work for Japan among her cargo accounts for the sinking of the British steamer Knight Commander. Her crew numbered 68 including natives. She was insured against war risks.

## MRS. BOTKIN IN COURT.

SAN FRANCISCO, July 25.—Mrs. Cordelia Botkin appeared in court today to answer to the charge of murdering Mrs. Ida Henrietta Deane of Dover, Del. Superior Judge Dunne set the case today for August 25.

## IRON WORKERS RETIRE.

BERKELEY, July 25.—Fourteen iron workers on the mining building at the State University quit work this afternoon on the ground that they have not yet received pay for work done last week.

## DEMANDS MILLIONS DAMAGES.

President Castro is After the Asphalt Company.

CARACAS, Friday, July 22 (Del. yed).—The government, by a motion before the Federal Court, the defense being unrepresented, has placed an attachment on all the property belonging to the New York and Bermudez Asphalt Company, especially on the asphalt lake Guanaco. Senor Carner, the former manager of the company, was appointed receiver.

## NO EXCITEMENT IN LONDON.

WANTS INTERNATIONAL CONFERENCE REGARDING CONTRABAND GOODS.

LONDON, July 25.—There is practically no excitement here over the sinking of the Knight Commander, the Russian action having been taken by a regular warship and within the zone of hostilities.

## ALL IS QUIET AT NEWCHWANG.

ST. PETERSBURG, July 25.—The Tien Tsun report of the evacuation of Newchwang by the Russians is not confirmed. The foreign office to day received a telegram from the Russian diplomatic agent which, however, was not dated, saying that heavy firing was heard in the direction of Ta Tche Kiao but reporting that all was quiet at Newchwang. It is conceded, however, that if the Russians fall back north of Ta Tche Kiao, Newchwang will be untenable and its evacuation is expected at once.

## FIGHTING STILL IN PROGRESS.

JAPANESE PLANS ARE NOT KNOWN BY THE ENEMY.

ST. PETERSBURG, July 25.—A 3:35 p. m.—The simultaneous movement of the Japanese against Ta Tche Kiao and Hsi Cheng, and their move west from Salmatza may indicate that the Japanese have started a forward movement all along the line, but the war offices information has not yet established such a concerted advance.

## TWO MEN DEAD IN BOAT.

SEATTLE, Wash., July 25.—An overturned fishing sloop with the deck bodies of two men lashed to it was picked up in Chatham straits last Friday by the steamer Arrow Captain Doyle, which arrived today from Alaska.

## THREE INDIANS AND COWBOY KILLED.

HELENA, Mont., July 25.—A general shooting affair occurred a Rocky Point in which three Indians and a cowboy were killed.

DETROIT, Mich., July 25.—Baron Grattan won the \$5000 Chamber of Commerce stakes Best time 2:06 1/4.

## DANIEL MARTIN ESTATE DISTRIBUTED.

Judge Ogden this afternoon ordered the distribution of the estate of the late Daniel Martin. The estate is valued at \$103,292. The distribution is to the widow and three children, according to the last will and testament of the deceased.

## BRYAN WILL NOT BE THERE.

COLUMBUS, O., July 25.—William J. Bryan, who is en route to Delaware Springs, N. C., today it would be impossible for him to be at Ecopus the day Judge Parker is officially notified and also at the Chicago meeting, his time already being taken up.

## FINAL ANSWER TO PACKERS.

CHICAGO, July 25.—Late this afternoon officials of the Butchers' Union determined to make a final answer to the packers, declining the packers' terms.

## WERE INJURED IN A RIOT.

CHICAGO, July 25.—In an exciting encounter near the stock yards today, Mrs. Zelstrick and three men were badly hurt.

## MORE CARS ON PIEDMONT LINE.

The Key Route Railway will soon place more cars on the Piedmont line on account of the increased traffic.

## TROOPS NOT NEEDED.

NORFOLK, Neb., July 25.—John McPhaul, who has had charge of the government registration bureau at Bonesteel, S. D., for entries on the Rosebud Indian Reservation, passed through here en route for Chamberlain, S. D., for the drawing to be held there Thursday. He said that the necessity for troops at Bonesteel had passed.

## DEWEY GET PRIZE MONEY.

Court Declares Admiral and His Men Must Be Paid.

WASHINGTON, July 25.—After a legal battle of several years, Admiral Dewey and his men, who fought the battle of Manila are to receive their prize money on account of the Don Juan de Austria and other Spanish prizes.

## FINAL DISTRIBUTION OF WAKEFIELD ESTATE.

Petition for the final distribution of the estate of the late Sarah Wakefield, who was one of the passengers lost on the ill-fated ship Tancro who sank on the morning of February 22, 1901, as she was entering the Golden Gate, was filed with the County Clerk today.

## WANTS TO BURN DOWN HIS HOME.

John W. Dunning of 1871 Carlton street, Berkeley, was taken to the insane ward of the Receiving Hospital this afternoon by his nephew, J. L. Kennedy, who fears that he might make good on his threat to burn down the house.

## BUNKERS HAD A CLOSE CALL.

SAN DIEGO, Cal., July 25.—A fire which endangered the immense coal burning in this city today was prevented from entailing an immense loss by the hard work of the entire fire department. The flames were confined to big piles of lumber near the long pier and were extinguished before they could communicate to the filled bunkers. The structure was slightly damaged and the loss will be small.

## QUIET PREVAILS AT BONESTEEL.

BONESTEEL, S. D., July 25.—Quiet prevails in Bonesteel. Most of the crowds who were here for registration have left the city, many for their homes and others for Chamberlain. A few remain to make filings in the event of their drawing tomorrow. Officers Staufer and Harrison stood Friday night in a fight with toughs, are out of danger and will recover.

## LIPTON ASKED TO CHANGE DEED.

SAN DIEGO, July 25.—Sir Thomas Lipton has been requested by cable to make a change in the deed of gift of the Corinthian cup to permit the entrance of the Los Angeles 21-rotter in the yacht races to be sailed here next month. The effect of his acquiescence would place the races upon a true basis. It is believed he will make the change requested.

## DIED.

## Bryan's New Code of Principal

For the third time William J. Bryan is out with a pronouncement giving his reasons for supporting Judge Parker. For the third time, he takes occasion to state that he disagrees with Judge Parker and the Democratic platform. Having assisted in filing the platform with blowholes he repudiates it.

Mr. Bryan announces that he has a new set of principles in stock for the Democratic party. Needless to say, these new principles are altogether different from anything Judge Parker would approve of or thoughtful men of all parties sanction. The essential features of his program are:

(1) Public ownership of railways by the States, not by the Federal Government.

(2) Municipal ownership of public utilities.

(3) Government ownership of telegraphs, on the theory that the obvious cure of a "private monopoly" is to make it a public monopoly.

(4) Income tax.

He says the money question is in abeyance for the present, but adds that while the increased production of gold has lessened the strain upon the dollar, bimetalism is as strong in the ordinary as it was. It is evident that he only relinquishes the free silver idea because the people will have none of it, but is awaiting an opportunity to bring it again.

In regard to the public ownership of railroads, he shies at the idea of Federal ownership, and hence is driven back on the scheme of State ownership—a futile idea of realization. He says:

"The plan usually suggested is for the purchase of these roads by the federal government. This plan, it seems to me, is more objectionable than a plan which involves the ownership and operation of these roads by the several States. To put the rails in the hands of the federal government would mean an enormous centralization of power. It would give to the federal government a largely increased influence over the citizen and the citizen's affairs and such centralization is not at all necessary. The States can own and operate railroads within their borders just as effectively as it can be done by the federal government, and if it is done by the States the objection based upon the fear of centralization is entirely answered. A board composed of representatives from the States could deal with interstate traffic of the various lines. If the federal government had the railroads to build there would be a constant warring between different sections to secure a fair share of the new building and development, but where this is left to the State the people can decide whether they desire to build or buy."

Consolidation has given the United States the best and cheapest railway system in the world. Bryan would throw them all back into chaos again—by circumventing railroad systems to State limits under political control with all that the term implies. The magnificent through continuous service that we now enjoy, traversing the entire continent and passing through dozens of States and Territories, would be abolished. By reason of consolidation the poorer and more sparsely settled States are given transportation facilities they could never obtain otherwise, and low rates that would be impossible under any other condition. Mr. Bryan is more absurd and empirical than ever when he tackles the railroad question.

Ownership of the railroads by the general government is a debatable question. Ownership by the States is not. It is wholly impractical from any point of view. It is financially impracticable. It is politically mischievous. It is industrially abhorrent. Economically it is a retrograde.

Municipal ownership of public utilities is a question of local expediency that cannot be determined by the action of national parties. Congress cannot legislate to give cities water and gas. The income tax is a question that involves the constitutional powers of Congress and expediency in taxation. There is some reason in Government ownership of public utilities. The telegraph service is analogous to and has a close affinity with the postal service. But why should Mr. Bryan want the Federal Government to own the telegraph lines when he wants the railroads turned over to the States? His inconsistency is absurd. If we are to have a system of Jim Crow railroads, why not have also a system of Jim Crow telegraph lines? But what's the use discussing Jim Crow schemes of statecraft?

We are informed that Chauncey Depew is only 70 years old. His looks and his years belie his jinks.

It is reported that Judge Parker has invited William R. Hearst to visit him at Esopus. We can imagine the pleasure the two will revel in while discussing a recent editorial in the Hearst newspapers picturing the character of three of the Judge's political friends, August Belmont, Patrick McCarron and Bourke Cockran. This bit of character sketching will give zest to the feast of reason and the flow of soul.

## Folk Smirched By the Machine

Commend the Democrats for doing extraordinary and contradictory things. In Missouri they have just nominated Joseph W. Folk for governor on a strenuous anti-boodle campaign.

There is nothing wrong with Mr. Folk or the anti-boodle plank of the platform, nor is there any misfit between the two. But on this anti-boodle platform and as a running mate for Mr. Folk, the Missouri Democrats have renominated Sam B. Cook for Secretary of State. Cook is the machine boss of Missouri, and has been notorious as a director of the corrupt lobby. In one instance, at least, it has been proved in a court of law that he is a legislator bribe-money transmitted by the agent of a corporation seeking legislative favors. Cook does not even deny this, but claims he did not understand the nature of the transaction. Nobody who understands the ways of politics credits the claim. But the best proof of Cook's unfitness lies in his identification personally and politically with the boodle crowd. He is the idol of the gang, and was a leader in the effort of the ring to beat Folk for the nomination. The gang were unable to beat Folk in the primaries, but they were strong enough to tar his nomination by placing Cook on the ticket with him. It is like putting the Devil up behind St. Dunstan to send on a mission of piety. No one who has watched his course can believe Mr. Folk was a willing party to the business, but he has, nevertheless, been placed in a false and compromising position while the Democratic party of Missouri has advertised to the world that it is only paying lip service to the cause of decency and honesty in local government. With a corruptionist boss for his squire, Mr. Folk presents an absurd and humiliating figure as a knight of purity and reform. It is like a saint sprinkling holy water as a knight of purity and reform. It is like a saint sprinkling holy water as a knight of purity and reform. It is like a saint sprinkling holy water as a knight of purity and reform.

Speaking of silence, it may be remarked that there is no alarming amount of noise being made in the neighborhood of Oyster Bay. Theodore Roosevelt is showing the people that he knows when to hold his tongue as well as when to talk. Having shown us that he can both talk and act, he is now demonstrating that he can play a silent part with equal grace.

## Education and Success

What higher education represents as a capital for young men is illustrated by a recent article in the Chicago Inter-Ocean. With mathematical precision it demonstrates that the educated man has infinitely more and better chances to succeed in life than the man without an education. The case may be stated as thus: The uneducated man who succeeds does so in spite of his lack of education. His native energy and talent enable him to overcome the handicap. The educated man who fails, does so in spite of his education—his lack of energy and talent prove too great a handicap.

The latest edition of "Who's Who" gives the education record of 10,704 men of 30 and upward. Of these reputable successful Americans, 1,386 had only common school education, or were trained out-

side of organized schools; 1,627 had also regular high school training, and 7,709 had also college or other higher education.

The census of 1900 showed in the United States 14,792,403 men over 30. Of these the national bureau of education estimates that 1,737,023 were without education; 12,054,335 had only common school education or were trained outside of organized schools; 657,432 had also high school training, and 325,613 had also a college or other higher education.

Chancellor W. W. Smith of the Randolph-Macon college has compared these two sets of figures and deduced from them certain facts bearing upon the influence of education with regard to success in life. He shows that:

From 1,737,023 Americans without education no notable appears. From the 12,054,335 of common schooled or irregular schooled Americans came 1,386 notables, or one for every 8,812.

From the 657,432 high schooled Americans came 1,627 notables, or one for every 404.

From the 325,613 college trained Americans came 7,709 notables, or one for every 42.

"It thus appears," remarks Dr. Smith, "that the uneducated boy failed entirely to become notable; that the boy with only common school education had one chance in about 9,000; that high school training increased this chance nearly twenty-two times; that college education gave about ten times the chance of high school, and 200 times the chance of common school."

There is an impressive lesson in those figures. A more conclusive argument could not be presented. Against this luminous showing ignorance and prejudice can make no headway. The taste of the pudding is in chewing the string.

## POMPEII'S LAST ELECTION.

Some time before the ashes and lava of Vesuvius in 79 A. D. covered over Herculaneum and Pompeii, a municipal election was held in the latter city. Of it nothing would have been known but for the terrible eruption which from 79 to 1755 buried the city and its electors alike in a lava tomb. Many of the inscriptions uncovered on the walls of the city relate to elections and claims of candidates, much in the same way as do the placards posted in city streets to-day. Some were rudely inscribed, others were set forth with artistic embellishment, and one, at least, contained a topical verse written by some minor poet and painted in red.

Like modern candidates, those in Pompeii were run by their supporters, who represented various trades and interests. The wood cutters, fishers, perfumers, dyers, barbers and the like had their men pledged to promote or protect their rights and privileges. There were faddists, too, in Pompeii, who were looked after by such societies as the Ball Players, Long Sleepers, Deep Drinkers and Little Thieves, to adopt a free translation of some of their titles. At Pompeii's last civic contest the Long Sleepers and Deep Drinkers appear most appropriately to have run a candidate in common—the main plank in their platform being the suppression of street noises.

Pompeii had its religious difficulty. It was the home of a cosmopolitan, and, for its age, Egyptian and talented people, and to this day stand altars erected to Egypt and gods sided by side with those of the established worship of Venus. Naturally there arose some differences between them. These are set forth in various inscriptions on the city walls.—Chicago News.

## Mountain Lion is Seen By Telephone Linemen.

**BERKELEY.** July 25. — Another glimpse of the mountain lion that has been terrorizing the farmers of Schmdtville, and carrying away their livestock, was secured yesterday by a gang of telephone linemen at work on the Fish ranch road. Although several miles away from its usual haunts, the description of the beast, as given by the linemen, tallies with that of the farmer who first saw it.

The mountain lion skulked off into the brush, but the linemen saw it long enough to ratify them that it is a full-grown specimen of its species.

**MISS JANET MASON

**BERKELEY, July 15.**—At an afternoon card party given Saturday at her home, 2208 Dwight way, Miss Janet E. Mason, daughter of Joseph J. Mason, announced her engagement to George F. Linanakis of Los Angeles. The wedding will take place in the early spring. The guests of honor at the home were Miss Linanakis, awarded to Miss Adolphe Bange and Miss Louise Eastman. The announcements were in the form of shiny hand-painted cards, each with a picture showing the names of the engaged couple.

Among those present were: Mrs. H. L. Mason, Mrs. J. J. Mason, Mrs. Frank Simpson, Mrs. Thomas Clark, Mrs. Adolph B. # RACING MEET AT PLEASANTON.

MANY FAMOUS HORSES WILL  
COMPETE IN THE VARIOUS  
EVENTS.

During the final days of this month a racing meet of four days' duration will be held at Pleasanton, the training home of a number of the fastest trotting and pacing horses on the coast if not in the world.

The association of which C. L. Crellin is president and F. E. Adams, secretary, has assurances that the entries will be sufficient to carry out the intention to give five races daily.

The association was given \$6,800 toward purses, and in addition to this will purchase four horses, thus insuring good purses for the different events. Arrangements have been made with the railroad company whereby tickets will be sold at excursion rates from San Francisco, San Jose, Stockton and Oakland, as well as all intermediate points. The meeting opens on July 1st and will end on July 4th.

evening of the opening day there is to be a grand ball in the Nevis pavilion. Ample accommodations have been provided by the management for all visitors and a room for the larger number of horses that are expected. The track is an excellent one and in splendid condition. It was originally built for use as a training track, but has proved one of the fastest in the country. It is used for the purpose of being used to prepare some of the horses that have made excellent records throughout the country and as the home of many of those animals is there, it is expected that, at the coming racing meet, the finest broodstock in the corporation of the State will be seen. Entries for a number of running races are also on the card and several special races, including those for driving and road horses. The plan of giving regular racing meetings at Sagastog is being installed only recently, though many special

races have been held there, but the  
 regular meetings have proved such a  
 success that it is now the intention to  
 hold them each year.

RALLY OF THE  
PROHIBITIONISTS

MASS MEETING IN HAMILTON  
HALL WAS LARGELY  
ATTENDED.

There has been a great deal of enthusiasm at the prohibition ratification meeting in Hamilton Hall Saturday evening. Professor S. P. Meade presided. Rev. L. L. Abbott led in prayer, after the singing of America by the audience, and then the chairman made a short introductory talk. Rev. E. F. Dinsmore sang an original campaign song and throughout the program Adjutant Sykes, who has been playing cornet solos. The Adjutant is a skilled musician. He was accompanied on the piano by Miss Shugart. Rev. George Morris of Alameda made the first address, reviewing the political situation as to the candidates and their respective attitudes upon good government. He said he had no criticism to make of the old party candidates either personally or otherwise, but would leave that to their other opponents, who could do them better justice than he could. Rev. J. W. Phillips followed with a short speech, in which he said that if every political issue presented by the old parties were eliminated from consideration the country would be a great moral issue such as prohibition would mean its ultimate destruction. The audience cheered.

State Chairman Taggart talked briefly about the recent National prohibition convention. The statement that California had 27 out of her possible 29 delegates present at Indianapolis provoked hearty applause, which was increased when it was stated that Oregon had 16 out of 17 there. There were just three less than 1000 delegates at Indianapolis besides many alternates from states that had their full quotas present. The great enthusiasm over the adoption of the platform was referred to. Every prohibitionist will commit it to memory after he reads it, said the speaker. The raising of the \$16,000 campaign fund and the nomination of the candidates were matters that pleased the audience very much, but to Mr. Taggart's mind the most impressive part of the national gathering was the new spirit of victory that seemed to animate every session. Hundreds of prohibitionists are now holding office, elected on the prohibition ticket, and the problem most discussed was "how to elect" and the instructions were given by those who had been elected. The great vote polled by Dr. S. Hall in Pennsylvania had demonstrated the fact that the so-called prejudice against prohibitionists was a delusion, that a man's position as a prohibitionist convinced the general public of his

sincerity and added to his strength. The recent successes in Pennsylvania further showed that it is easier to elect a prohibitionist to office than to elect a temperance man on the Republican or Democratic tickets.

After another campaign song by Mr. Dinsmore, Rev. E. O. Tade spoke. Mr. Tade is quite an old man but he had more life and enthusiasm to him than any other speaker of the evening. He said he felt like "hurrahing" at the great fight being carried on by the prohibition party and wanted the audience to feel that way too. Mr. Tade joined the movement sixteen years ago and he was ready for sixteen years more if necessary. "There was nothing else for him to do politically,"

R. E. Blight was introduced as a brilliant young man from New York who had done a great work in that state and was doing the same in California. Mr. Blight lost no time in getting down to business and crowded in a ten minute speech in five. He praised the candidates, declared the platform to be the most statesman-like document that had yet been presented to the voters and concluded with an earnest appeal to every prohibitionist to get his name on the ticket and crowd the ticketing from now on until election day. Then Fred Head of San Francisco sang a song with splendid effect, after which T. H. Montgomery made a speech, in which he said that the prohibition party, which had cost more votes than all the minority parties voting in the last general election.

Miss Ethel Cook was introduced and gave the reading, "Lincoln, the Great Commoner," and she was followed by Mr. J. M. Glass, who gave the principal address of the evening. Mr. Glass kept his audience well interested to the end of the meeting. He reviewed Lincoln's temperance record and pointed out many encouraging features of the present status of the prohibition party. He reviewed the history of political parties that had been organized and gone to pieces since the organization of the prohibition party, which had cost more votes than all the minority parties voting in the last general election.

After an announcement that Captain W. C. Dutton of the Good Templars is to speak Monday evening at the meeting time and place of the prohibition alliance, the meeting was closed by a cornet solo and prayer by George Morris.

STRIKERS ATTACK  
BREAD WAGON.

CHICAGO, July 25.—A mob of 5000 strike sympathizers attacked a bread wagon of the Heuser Bakery Company that was returning from making a delivery of bread to the stockyards and after beating the driver and his companions, cut the horses loose and set fire to the wagon. J. C. Clark, superintendent of the bakery, who was driving the wagon, and Edward Smith, a helper, were both painfully but not dangerously hurt. The police and fire departments were called and the crowd dispersed. No arrests were made. No further efforts were made to deliver bread at the stock yards.

STREET PEDDLERS  
UP IN ARMS.

NEW YORK, July 25.—The push cart peddlers of New York have declared war on Commissioner Woodbury of the street cleaning department. They charge him with flagrant opposition against them and declare he is using the cloak of his office to drive them out of business.

In the face of the commissioner's mandate compelling them under the new bridge, the peddlers have united in a plan to frustrate him and compel him to rescind the order. They held meetings in six different East Side bars and decided they would boycott all of the markets. They say they will carry the fight into the City Hall and declare that they had a definite promise from Mayor McClellan that their push cart business should not be interfered with during his administration.

Committees have been appointed which will march down to the City Hall in a body and ask for a conference with the Mayor. They will urge him to discipline Commissioner Woodbury and call off his crusade against them.

Many of the leading wholesale fruit dealers attended the meetings and declared themselves in sympathy with the peddlers. They contributed liberally to a cash fund which is to be used for defensive purposes. This fund will be used to employ counsel and a committee will call on ex-Governor Black and ask him to become their legal champion.

They will try to obtain an injunction against Commissioner Woodbury to prevent him from carrying out his order, colonizing the push cart peddlers under the new bridge. They say that if this order is enforced it will practically drive the whole army of peddlers out of business and cause endless suffering among several thousand families.

If Mayor McClellan does not give the committee a hearing the Peddlers' Association will try still other means of reaching him. All the members and their wives and children will meet on the East Side and if they can get a permit for a parade will march ten thousand strong down to the City Hall.

SHOT AT FROM  
AN AMBUSH.

MOUNT KISCO, N. Y. July 25.—Shot at five times with a rifle in the hands of an ambushed assassin, William Dunn, caretaker of the Theodore B. Willis property, narrowly escaped death when seated on the porch of his house with his wife. Whether the would-be murderer had a grievance against Dunn or the ambush was a continuation of the senseless attacks on life and property which began about eighteen months ago is not known. As a result of the attack, John Moriarty, son of a well-to-do farmer, is under \$1500 bail charged with assault in the first degree.

The complaint against Moriarty alleges that he shot at Dunn with a rifle bullet fired at Dunn or his said that the Assistant District Attorney, who has the case in charge, is in possession of evidence which he is not yet ready to make public, but which, when known, will astonish all this part of Westchester county. Moriarty's defense is a alibi. He says he was at home when the rifle bullets were fired at Dunn or his wife, whichever the two they were intended for, and that he knows nothing at all about the shooting.

A DISTINGUISHED  
COUPLE.

HOW SECRETARY AND MRS. METCALF IMPRESS WAITING-TON SOCIETY.

When President Roosevelt's Cabinet follow him downstairs next New Year's Day and take their places in the receiving line in the Blue Room, the handsomest and most distinguished looking couple will be found at the end of the procession in the persons of the new Secretary of Commerce and Labor and his wife. The Secretary, who is just fifty years old, looks less, notwithstanding the touch of gray in his hair and mustache. He has a clear, healthy skin and somewhat penetrating blue-gray eyes, and he carries himself well. So also does Mrs. Metcalf, who has a fine presence and dresses in excellent taste.

They are well known in the society circles of the nation. Metcalf, who is a native of California, has been in Congress for three terms, which means six Washington seasons for Mrs. Metcalf. She always makes the long journey across the continent with him, whether the season is long or short. "Indeed," she says, "I wouldn't come without her."

When the President, how ever, invited him to Washington, the place in his Cabinet about to be vacated by Mr. Cortelyou, there was but short notice. In the afternoon of the day the news was taken of closing up one's home and one's affairs generally. Mrs. Metcalf, therefore, remained at her home in Oakland and waited for her husband in the early fall. They will live at the Arlington Hotel, where they have been accustomed to spending the winter months. Metcalf is one of the most popular of the many women in public life who figure in the cabinet of the President.

As a cabinet member it is easy to predict success for her. She is fond of society and enjoys perfect health, with nothing of those who will be expected to return, one begins to realize vaguely what the social duties of a Cabinet woman mean.

Mrs. Metcalf, who was Miss Corinne Nicholson, is a native of California. Her father, having made a visit to California, she was one of the belles of the State when she met the young New York lawyer, who had gone to the Pacific coast to make a fortune for himself. She could ride horseback, swim, and do well many things that made her especially popular in the society circles of the young lawyer shortly after he closed his law office and made California permanently his home.

The Metcalfs have two sons, Victor N., who is a midshipman at Annapolis, and W. Howard, who has recently begun his business career in California. Secretary Metcalf is a Yale graduate. He is a member of the Metropolitan Club.—From the New York World.

## ORR'S HOT SPRINGS.

These famous springs are situated on the headwaters of the Big Chico River, about five miles northwest of Ukiah, at an elevation of 800 feet above sea level. All kinds of game can be found in the surrounding mountains and the trout are stocked with trout. A dance hall, croquet ground and other outdoor amusements are enjoyed by guests. J. L. Orr, the proprietor, will spare no effort to make all who visit this popular resort contented and happy.

Impurities in drinking water are sought after by many kinds of water filters. The drinking of liquid which has in some manner been rendered unfit for human consumption. One of the best means of guarding against contamination is the use of a perfect water-filter in connection with the faucet from which the water is drawn. The "Modern" water filter is a device of simple design, strong in construction, easy of adaptation and the only one in the manner in which it does its work.

PLANNING FOR ST.  
ANTHONY'S.

PRELIMINARY ENTERTAINMENTS  
TO BE GIVEN BY LADIES  
HAVING BOOTHS.

Already plans for St. Anthony's Church fair, to be held this fall, are being perfected. The main idea, suggested by Father Peter C. Yorke, which is to be worked out, is of having each booth named after a flower. This will give the interior of St. Anthony's Hall the appearance of a flower show. In order that a beautiful exhibit may be made, the ladies who are to have charge of the different booths are planning various entertainments, the proceeds of which are to go towards the fitting up of their booths, so that upon the opening night a scene of unadorned splendor will present itself to the view of those in attendance.

At 3:30 o'clock Saturday afternoon, August 1, the ladies of Calvary church will give a whist tournament in St. Anthony's parish hall. Refreshments will be served during the afternoon and many valuable prizes have already been donated. It is expected that about 500 people will play and tables will be in readiness for as many as 1000 people.

The committee in charge consists of Mrs. W. V. Harrington, Mrs. Robert Mills, Mrs. John Hagarty, Miss L. Covington, Miss M. B. Anderson, Mrs. O. M. McArthur, Miss M. Kretz, Miss Mary Harrington, Miss J. Tierney, Miss M. Lamb.

During August, Mrs. Russell Flitton, assisted by her daughters, Miss Marion and Miss Agnes Flitton, will give a musical. Miss Marion Flitton, who is a graduate from the New England Conservatory of Music, will render several selections during the evening.

Is the intention of the Misses Moffitt to make the country store the most entertaining as well as the most profitable of all the affairs of the kind ever given in Alameda county. They will give a musical next month for the benefit of their booth.

The following will have charge of booths: Geranium Booth—Mrs. Russell Flitton, chairman, assisted by Miss Marion and Miss Agnes Flitton.

Daisy Booth (refreshments)—Miss Leza White, chairman, assisted by Miss L. Covington, Miss M. B. Anderson, Mrs. O. M. McArthur, Miss M. Kretz, Miss Mary Harrington, Miss J. Tierney, Miss M. Lamb, Mrs. W. V. Harrington.

Chrysanthemum Booth—Mrs. Hugh Hogan, chairman, assisted by Miss Mary Hogan and Miss Mary L. Hogan.

Cosmos Booth—Mrs. Frank Garcia, chairman, assisted by Mrs. F. K. Kink.

Forget-me-not Booth—Joseph Harrington, chairman, assisted by Mrs. F. K. Kink.

California Booth—Miss R. Schmitt, chairman.

Palm Booth—in charge of the Sisters of Mercy, Academy of Our Lady of Lourdes, assisted by pupils.

Chrysanthemum Booth—Miss Emma J. Moffitt, Miss Margaret F. Moffitt, Miss Mary F. Moffitt and Miss Helen W. Moffitt.

TRYING TO  
MAKE PEACE.

CHICAGO, July 25.—Hope of a peaceful settlement of the strike of the packing house employees comes from the action of the joint council of the Teamsters' Union in refusing to sanction a sympathetic strike of the members of that union until one more effort to secure satisfactory terms of arrangement has been made. Upon the aid of the teamsters more than 100,000 other outside organization, perhaps, the strikers depend for victory. A refusal of the teamsters to handle meat from non-union hands is expected to be the hardest of the conditions which the strikers will have to meet and this fact is expected to give the efforts of the teamsters' committee to secure concessions from the packers more chances of success.

Practically all other workers employed about the packing houses are committed to the sympathetic strike and today they are all out. It is expected that as soon as work with non-union men is begun the strike will spread to railroad employees, the switchmen and the carmen, the packing houses being first affected.

# AN EXCITING BALL GAME.

OAKLAND BOWLING BASEBALL TEAM VS. CALIFORNIA BOWLERS.

At Freeman's Park yesterday the Oakland Bowling-Baseball Team crossed bats with the California Bowling Team of San Francisco. The latter aggregation has played in all nineteen games and has never been defeated, but yesterday they had the narrowest escape of their lives.

Dr. McGrath, the popular manager of the California Bowling-Alleys and also of the California Bowling-Baseball Team, almost suffered an attack of nervous prostration while sitting on the bench thinking that defeat stared his team in the face. The suspense was awful and for twelve innings no one would venture to place money on either team. But in the last half of the twelfth inning the California Bowling team won but by a score of 7 to 6.

Although the Oakland boys were defeated they are very well satisfied, nevertheless, with the showing made against such an aggregation as the California team, more particularly as the Oakland team is a pick-up bunch, which has never before played together.

President Leo Nichols of the Oakland Bowling Association, who is manager of the Bowling-Baseball Team is ready to accept challenges from any team in the coast.

**WILL ENTERTAIN.**  
Mrs. Julius H. Mills will entertain informally next Thursday afternoon in honor of Miss Helen Lang, who is soon to become the bride of Milton Ellis of San Francisco. Forty guests have been bidden to the affair.

**CHILDREN SHOULD HAVE**  
a warm drink with their meals. Many people serve coffee at their table to the little ones. Coffee affects the nerves. It impairs digestion.

**Figprune Cereal Coffee**  
made in California from fruit and grains, is nutritious and palatable.

**THINK IT OVER**

# PERSONAL AND SOCIAL.

## ENGAGEMENT OF MISS LOTTIE PATTON IS ANNOUNCED.

The engagement has just been announced of Miss Lottie Patton, daughter of Colonel W. S. Patton of the quartermaster's department, U. S. A., to Lieut. Russell Eastman, assistant surgeon, U. S. A., stationed in the Philippines. The betrothal is the result of a romance begun ten years ago when the pretty bride-to-be was a small girl and her fiance was a young cadet. Recently Lieutenant Eastman secured leave of absence and the wedding will take place some time next month before his return to his post.

Besides her father, who is stationed in San Francisco, Miss Patton has two brothers in the army, Captain Hudson Patton, Coast Artillery and Lieut. Wm. Taylor Patton of the Thirtieth Infantry stationed at Alcatraz.

Miss Patton is the young lady who christened the government boat General Moffitt, a short time ago.

**HOUSE PARTY.**  
Mr. and Mrs. William H. Mackinnon entertained a house party yesterday at their delightful camp in the Contra Costa hills. The camp is known as "Camp Mackinnon" and is situated on the banks of the Mackinnon river, a mile beyond Lafayette.

The drive to this picturesque summer camp is two hours from Oakland and is through a wooded country. Mr. and Mrs. Mackinnon made every provision to give their guests a pleasant time. The weather was warm, it being 102 in the shade at 1 p. m.

During the afternoon, dinner was served in the open among the trees by the side of the flowing river. The camp is a most complete one in every respect. Mr. and Mrs. Mackinnon gave their guests a pleasant outing and the day was enjoyed by all. Among those at the house party were: Mr. and Mrs. Rupert Whitehead, Mr. and Mrs. J. P. **HANLON IS GROWING SMALLER.**  
On Saturday Dr. Apple, the official physician of the Hayes Valley Club visited Eddie Hanlon at Alameda and the boxer's measurements were taken. Strange to say, while he has gained half an inch in height, Hanlon has grown less in every other respect than when he fought Young Corbett. Dr. Apple says, however, that this is not particularly strange as Hanlon is now at the age where a man's frame settles to a certain extent.

In the following table the first column of figures shows Hanlon's measurements as taken a few days prior to the Corbett fight, the second column containing the figures ascertained Saturday:

Height	5'05"	5'05"
Reach	6'05"	6'05"
Neck	15 1/2"	15 1/2"
Chest, normal	35 1/2"	35 1/2"
Chest, expanded	37 1/2"	37 1/2"
Chest, contracted	33 1/2"	33 1/2"
Waist	30 1/2"	30 1/2"
Biceps	13 1/2"	13 1/2"
Forearm	11 1/2"	11 1/2"
Wrist	6 1/2"	6 1/2"
Thigh	22 1/2"	22 1/2"
Calf	14 1/2"	14 1/2"
Ankle	10 1/2"	10 1/2"
